SLIGHT IMPROVEMENT IN KING GEORGE'S CONDITION

WILL SEES MARINES HAPPY; BOOKED UP FOUR YEARS AHEAD

(Special To The News)

NEW YORK, Dec. 5.—I like this part of Mr. Coolidge's message best: "Both parties in Nicaragua were pleased with the outcome of their election and have asked for the marines again next time. But I did not commit myself."

Yes, I think I would let Hoover contract 'em for that one. The marines will certainly be tickled to know they can get booking four years ahead.

They have always had to pick up little wars from day to day. Now they can kinda look ahead and plan and have a permanent address.

If they satisfied both parties after election I believe the Democrats will sign 'em up right here at home for the November, 1932, follies.

I will get deeper into the message tomorrow.

Yours,

WILL.

PA NEWC OBSERVES

Pa Newc is certainly in accord with the announcement of Principal Frank L. Orth of the New Castle high school to the effect that there will be no post-season games for the New Castle high school football team. When the football season is ended it is time to quit.

W. W. Campbell of New Wilmington, choir director in some of the New Castle churches has been accorded a notable honor at Memphis, Tenn., in his election as president of the National Builders Supply association of the United States. Mr. Campbell has long been recognized as one of the leaders in the building supply business in the state and his national recognition is a deserved honor.

Evidently the big snow storm that was headed this way from the west and lakes region got detoured enroute. While there was some rain and the temperature dropped some during the night there was no snowfall.

Pa Newc believes that posts should be ereced on the curve this side of Clover on the New Wilmington road. This curve is one which is rather treacherous to a driver not acquainted with the road.

Letter carriers are well advanced in the work of delivering auto license plates. Owners who get their orders in early are already receiving their tags.

According to one driver the tag numbers are in the 400,000 set at present.

Pa Newc thought that he saw the first Santa Claus on the street yesterday and it turned out that they have been around the streets and in the stores for several days. Pa Newc is always glad to see Christmas approach. The lull of last minute shopping is not half as bad as the humdrum of Christmas card salesmen.

Some Progress Is Being Made By King George

Slow But Satisfactory Progress Is Report As To Condition This Morning

FRESH HOPE SEEN FOR HIS RECOVERY

Council Of State To Begin To Function; Prince Of Wales Hurrying Home

(International News Service)

LONDON, Dec. 5.—It was learned from an authoritative source this afternoon that King George is making "slow but satisfactory progress", said the Exchange Telegraph.

Queen Mary and her daughter, Viscountess Lascelles, took their customary automobile ride in the afternoon.

Bulletin Satisfactory

A palace official told International News Service that members of the royal family regarded the morning bulletin as satisfactory. It was pointed out that a recrudescence or return of infection was an "inevitable feature" of this kind of illness.

Also, fresh hope was seen in the news that the slight increase in temperature yesterday had moderated.

The king was said to have gained slightly in strength as the result of better sleep.

Anxiety Persists

However, anxiety over the condition of the heart persists and will not be allayed until the doctors officially announce that danger from this source is past.

The council of state, appointed yesterday by the privy council at Buckingham Palace, will begin to function immediately, despite the fact that the Prince of Wales, one of the state councillors, will not arrive until the end of this week or early next week.

London, Dec. 5.—The following bulletin on King George's condition.

McManus Pleads Not Guilty To Murder Charge

Dapper Broadwayite Appears Before Judge Mancuso In New York; Denies Guilt

HEARING DATE IS SET DECEMBER 20

McManus Smiles Constantly As He Answers To Charge Of Killing Rothstein

By DAVID P. SENTNER
International News Service Staff Correspondent

NEW YORK, Dec. 5.—Dressed "fit to kill" and smiling constantly George A. McManus, big-time gambler and Broadwayite extraordinary, appeared before Judge Francis X. Mancuso in general sessions court today and pleaded not guilty to an indictment charging him with the murder of Arnold Rothstein.

Through his counsel, James D. C. Murray, McManus asked the court to delay the hearing on the indictment for 15 days so that the defense could prepare whatever counter motions were necessary, inspect the minutes of the grand jury and also interview the 50 odd witnesses on whose testimony the indictment was based.

Hearing Date Set.

Judge Mancuso then set December 20 as the date of the hearing and directed District Attorney Joab A. Banton to permit Murray to look over the grand jury's reports.

McManus, who weighs over 200 pounds, was the last word in poise and sartorial excellence as he stood before the court. His face was wreathed in smiles from the time he entered the courtroom until he left.

His wavy black hair was slicked back to perfection and his neatly pressed and immaculate clothes gave no indication of the week or more he has spent in the city prison. He looked as though he had just stepped out of a Fifth avenue haberdashery.

W. W. CAMPBELL IS NAMED AS PRESIDENT OF NATIONAL BUILDERS SUPPLY ASSOCIATION

W. W. Campbell, head of the Campbell Lumber Company of New Wilmington, was unanimously elected as president of the National Builders' Supply Association of the United States, in the convention now in session at Memphis, Tenn., on Tuesday afternoon.

This is a notable honor that has been conferred upon the Lawrence county man as a recognition of his service in the work of the association during the years past.

The National Builders' Supply Association is one that represents 7,600 members throughout the nation, and indirectly represents 25,000 dealers, with a capital investment of many millions of dollars.

Mr. Campbell has for some years been president of the state association of this organization and has been an outstanding leader in the national association.

In addition to being head of the New Wilmington Lumber Company, Mr. Campbell is widely known in New Castle as director of several church choirs.

Hoover Enters Ancient City Of Lima After Automobile Ride From Callao

By LAWRENCE J. SULLIVAN

LIMA, Peru, Dec. 5.—President-elect Herbert Hoover of the United States brought his message of peace and good will to this ancient capital city today and the response was inspiring in its nation-wide cordiality. It was a triumphal entry after the eight-mile automobile ride from Callao between lines of saluting cavalry.

The Hoover party rode beneath arches bearing banners with the inscription:

"Welcome, Hoover, the symbol of a great people."

Mr. Hoover rode in an automobile with representatives of the Peruvian government and the United States ambassador, Alexander P. Moore.

Thirty Members Of Mississippi Guard Called Into Action

Threat Is Made On Life Of Governor Because Of Execution Stay

(International News Service)

JACKSON, Miss Dec., 5.—Thirty members of the Mississippi National Guard, armed with machine guns and tear gas bombs, were dispatched on a secret mission by Governor Bilbo today after the chief executive had received a threat upon his life.

The governor was threatened because he stayed the execution last week of Robert Percy Lofton convicted slayer of Police Chief J. E. Westbrook of McComb, Miss.

It is believed that the troops were sent out on the trail of an escaped convict who made the threat.

Warning Against Influenza Spread

(International News Service)

WASHINGTON, Dec. 5.—The public health service today issued a warning against an influenza epidemic which threatens to sweep the country.

Dr. R. C. Williams, assistant surgeon general, declared there are 15,000 cases concentrated principally in nine states.

He advised the people to avoid crowds, watch the diet and sleep in the fresh air.

Erie Widow Is Fighting Hard For Insurance

Erie Widow Contends That Man Burned To Death In Auto Near Erie Her Husband

SEEKS TO COLLECT SUM OF $65,000

(International News Service)

PITTSBURGH, Dec. 5.—Mrs. Lenora Howe of Erie returned to the stand in federal court here today in an effort to establish beyond doubt that the man who was burned to death in an automobile on the Edinboro road near Erie in November, 1927, was her husband, William Howe, prominent Erie realtor.

Mrs. Howe, who is suing the Fidelity & Casualty company of New York to collect $65,000 insurance money, identified the dental bridgework found near the charred ruins of the automobile, and also produced duplicate keys to those found on a keyring in the death car; she also identified a watch and watch chain as those of Howe.

The trial moved rapidly today. The first witness, Otto Dinges, said he was the first on the scene after the accident and fire. He said that after the ashes cooled, he found the keyring, watch, chain, knife and Masonic pin since identified by Mrs. Howe as belonging to her husband.

He estimated that the car's gas tank would hold 15 gallons. He described the body as being directly behind the steering wheel, slumped to the right.

Coroner Testifies.

Coroner D. H. Hanley of Erie county, next on the stand, said that he found two five-gallon cans in the wrecked car. He was unable to say what they had contained.

He said that he arrived on the

Searching For Waste Acreage

State Hunts Large Tract Of Waste Land In Lawrence County

Waste land in Lawrence county is scarce, so scarce in fact that it is probable that the state of Pennsylvania will not be able to purchase any for reforestation purposes. This is the result of a survey made here on Tuesday by W. H. Zerby of the state forestry department and his assistant, G. H. Radcliffe.

At the present time the state is engaged in a large refortestation project. Hundreds of thousands of acres of waste land are being bought up and planted in trees for the purpose of providing forests for the generations to come. The price that can be paid is set by law at not more than $10 per acre.

Plenty in Other Counties.

In many of the counties of the state tracts of such land can be bought for as low as $2 per acre. Already the state has about 200,000 acres of such land under consideration in addition to the thousands that have been bought heretofore.

At the present time Mr. Zerby and the other foresters are engaged in sur-

Rotary To Equip Room At Hospital

Members of the New Castle Rotary club are to furnish one of the rooms at the New Jameson Memorial hospital, club officers announced today.

Official action was recently taken on the matter to equip the hospital room since the late David Jameson, with Mrs. Jameson, was one of the most active sponsors of crippled children's work in the city. The room is being furnished in honor of their noble efforts in this respect.

PRISONER IS KILLED TRYING TO ESCAPE NEW YORK COURTROOM

(BULLETIN)
(International News Service)

NEW YORK Dec. 5—Sidney Weiss, alias "Whitey" was shot and killed in a court room here today after wounding an attendant as he attempted to evade a sentence of life imprisonment by shooting his way out of the room where he was about to be sentenced.

On being led before Judge George L. Donnelly for sentence after a fourth conviction of robbery, Weiss pulled a gun from his pocket and fired three shots.

One shot struck Court Attendant Al Williams in the hand, the other two going wild. Williams and Leo Kallstrand another court attendant, grappled with Weiss in an attempt to subdue him.

Kallstrand was struck over the head by Weiss' gun and Weiss had leveled his pistol at Captain John Doyle and pulled the trigger. The gun jammed and Doyle fired twice, instantly killing Weiss.

Raskob Summons Democrats For A Big Conference

Future Existence Of Democratic Party Hinges On Outcome Of New York Meeting

RASKOB REACHES SHOWDOWN STAGE

Liquidation Of Million And Half Debt Will Be Up For Settlement

By JAMES L. KILGALLEN
International News Service Staff Correspondent

NEW YORK, Dec. 5.—Reorganization of the Democratic party with a view of capturing the presidency in 1932 is the purpose of a conference of party leaders to be called by John J. Raskob, national chairman, shortly after the Christmas holidays.

Liquidation of the $1,500,000 debt incurred in the attempt to elect Gov. Alfred E. Smith during the recent campaign and the question of whether Raskob should remain as the titular head of the party will also come up for discussion at the forthcoming conference. Prominent Democrats from all over the country, including Governor Smith, are expected to attend.

"I can see no reason why, with proper organization work, undertaken without unnecessary delay, we should not in the next four years build up an aggressive party organization that can make itself felt in the 1932 presidential election," said Mr. Raskob.

Raskob on "Fence"

Raskob believes the Republican victory in November was due to the fact that the Democrats did not get going early enough. He said he had not personally examined the figures but he has been informed that a change of not more than 8 per cent. "Would have given our national candidates this year a majority of the popular vote." He sees no danger of the Democratic party sinking into oblivion.

Indications are that no insurmountable difficulties will be met in the business of liquidating the Democratic debt. More men of means showed an interest, financially and otherwise, in the 1928 campaign of the Democrats than in previous campaigns. Since election day contributions have been pouring in from individuals all over the country. In all

Judd Is First Buyer Of Seals

Returns Are Being Made On Lawrence County's Christmas Seal Drive

Harry Judd, of 108 North Mill St., was the first person in Lawrence county to answer to the call of the Tuberculosis Christmas seals, sent out Monday noon by the Lawrence county Tuberculosis society. Mr. Judd came personally to the headquarters of the association, which is located at the Associated Charities at 8½ East St., and there gave his money for the seals.

The first person from the rural section of the county to respond to the call was Mrs. William Jones of near West Pittsburg. She came to the association's headquarters Tuesday afternoon.

While the drive is not yet three days old, yet the response so early in the campaign has been more than stimulating, declares Miss Della A. Glenn, executive secretary of the organization, and who is in charge of the work in Lawrence county. Miss Glenn feels that the campaign this year will be even more successful than it was last year. Quite a few replies to the letters have come into headquarters from the New Wilmington district.

SEVENTIETH CONGRESS SETTLES DOWN TO WORK

Congressmen Start Three-Months Grind Of Legislative Activities Today

Burden Of Legislation Falls Upon Senate; Many Important Bills Up

By WILLIAM K. HUTCHINSON
International News Service Staff Correspondent

WASHINGTON, Dec. 5.—With all preliminaries out of the way, the seventieth congress settled down today to a three months' legislative grind, to be terminated by its official death next March 4.

Aside from the $4,700,000,000 of appropriation bills, which both branches of congress must approve, the burden of legislative work fell upon the senate. There a dozen bills of major importance were awaiting action while in the house, the legislative outlook was light. After two days of conferences, members on both sides of the Capitol were speculating more upon the question of a special session of the new congress next spring or fall than upon the probable fate of various bills.

Four Bills Pushed.

In the senate, the Swing-Johnson Boulder Dam bill had the right of way. Three other bills held preferential positions, due to action of the Republican steering committee. These were the Caraway bill to prevent the sale of cotton and grain in future markets. The Farm Equalization fee, and the Kellogg multi-lateral anti-war treaty.

Friends of the navy were organizing a move to get early action on the new cruiser bill. Another administration group planned a drive for enactment of the bill, providing a survey of the proposed Nicaraguan canal.

The senate steering committee will meet next week, under Senator Sackett (R) of Kentucky, to draft a new legislative program. Sackett's committee will attempt to untangle this apparent legislative snarl.

Immigration Puzzles.

In the house, the immigration committee met to get action on a new

MERCER, Pa., Dec. 5.—Experiencing difficulty in getting away from the soggy farm pasture where he was forced down with a broken propellor, Richard E. James, 17-year-old New York youth, who is attempting to span the continent for a $1000 prize hopped off from here shortly before one o'clock today.

MERCER, Pa., Dec. 5.—Richard E. James, 17-year-old aviator, who was forced to land here Tuesday evening at five o'clock due to fog and darkness, was to take off this afternoon for New York City to complete his transcontinental flight. The lad, who was forced to land his plane one mile west of here on the farm of John McCulloch, broke the propellor, but repairs were completed at noon today.

According to the statement of young James, he was in need of fuel and in addition to this he had no light on the plane. Due to the fact that flying by night without lights is prohibited by law, he attempted to land on a field. In doing so, the plane tilted and nosed into the

It takes more than money to make it a Christmas, it takes more than weather or presents or cards, it takes more than greetings from one to the other, it takes more than prettily tinseled regards. There has to be something that comes from within one, a spirit of thanks for the gifts from above, a spirit of reverence, faith and of charity, a spirit of tolerance, mercy and love. It takes more than making out checks for the presents, for these are but part of the spirit you show, there has to be presents of course for the season, there has to be greetings and plenty of snow. But over and under these outward expressions, there has to be something that comes from the heart, its cool thirty-eight and it looks more like Christmas, for weather like this of the day is a part.

Two Are Hurt In Auto Mishaps

Neither Is Seriously Injured, However; Cars Are Damaged

At least two persons were injured in accidents reported to the police since early Tuesday.

Arthur H. Edwards, 2132 North Gratz street, Philadelphia, Pa., reported that he was driving north on South Mill street near East Lutton street, when Tony Denucci aged 5 years of Harbor Road, ran out in front of his machine.

The little fellow was knocked down and before Mr. Edwards could stop and get out of his machine a passerby had taken the boy around the corner. Mr. Edwards hunted all around at the hospital and elsewhere but was unable to locate the boy or get his name.

Later Mr. Edwards with the assistance of Detective John Young located the boy and found that he had escaped serious injury.

A. W. Colnot, 816 Butler avenue, reported Tuesday that he was driving east on Washington street when a car bearing Pennsylvania license 494-689 and going in the same direction, hit his machine which in turn hit a car bearing Pennsylvania license 686-773 which was going past. Some damage was done to all the machines and W. A. Stevenson of 625 Ray street who was riding with Mr. Colnot was injured.

James Talacanis, 127 West Long avenue, reported Tuesday that his machine was parked in front of his place of business when a lady, Prudence Sankey, 101 East Garfield avenue, who was driving east on West Long avenue ran into and damaged his car.

RASKOB SUMMONS DEMOCRATS FOR BIG CONFERENCE

(Continued From Page One)

32,307 individual contributions, aggregating $495,000, have been received since November 6.

Plans Rigid Campaign

Mr. Raskob is determined to submit to Governor Smith, United States senators, representatives and prominent Democrats from all parts of the country who will assemble at the conference the question raised, particularly in the south, of whether or not he is to continue as national chairman. If he remains as chairman, he will demand support of a plan to immediately start building up the party through an effective organization and a campaign of education of voters that he believes will put the party in much better fighting shape than it was for the 1928 election.

The offices of the Democratic National Committee in the General Motors building will be closed next Saturday. Thereafter, James W. Gerard, director of finance of the Democratic National committee, will transact business from his own office. On Friday Raskob will go to Minnesota with a party of friends that will keep him away until December 16.

Council To Make Up Budget Soon

It is expected that as soon as Mayor William Gillespie returns from a hunting trip colleagues and he will prepare the budget for 1929.

Councilman Davies stated today that the appropriations would probably be made about the middle of the month. It will take a week of informal discussion, it is believed, to decide what new equipment and appropriations are needed.

He will fix you up. Mr. Hanlon also reminds New Castle and Lawrenec countyites that the 1929 license tags may be put on your car December 15. There will be no time extension however into the new year for the present year's tags.

immigration measure, which will attempt to tighten restrictions along the Canadian and Mexican borders. The house's big legislative problem however was the Fen reapportionment bill, redistributing the seats of the house. The census committee will meet later in the week in a drive to get action on the bill at the present session.

Thousands of minor bills were on the calendars or under consideration in the committees of both branches. Hundreds of these will be enacted, chiefly those of a person character, providing relief, granting pensions or permitting the erection of bridges. More hundreds will die in committee or on the calendars.

Farm Relief Later.

The farm relief problem may become prominent later on but present signs indicate it will be a miracle if a relief bill is enacted. Senator McNary (R) of Oregon, has sponsored a new measure but it must get the approval of the agriculture committee before it gets before the senate. It carried no provision for raising funds to withhold surplus crops from the market and in its present form, would come under President Coolidge's ban. It may never get out of committee.

With the session two days old, it appeared that only the Boulder Dam bill, the Caraway Cotton measure, the Hawes Anti-Convict Labor bill, the new Cruiser bill, the Kellogg Anti-War pact and possibly the house's reapportionment bill among the major bills would reach a final decision. The appropriation bills naturally will pass, because they are necessary to pay the bills of the government as well as, for instance, the salaries of senators and representatives.

DEMOCRATS PLAN HARD FIGHT TO REVISE TARIFF

modern Democratic party's tariff policy.

Opposition Voiced

Although there have been some mutterings of opposition by Democrats who oppose the veteran Texan's tariff views, he is not only slated for the leadership, but is expected to retain his post as ranking Democrat on the ways and means committee. This position not only is one of great prestige in the making of tariff bills, but carries with it chairmanship of the Democratic committee on committees.

No opposition has been voiced by Democrats to the proposed revision of the tariff law, the minority on the ways and means committee formally approving the plan.

The prospect of the minority being led by a tariff protectionist, however, is regarded by some Democrats as no less revolutionary than the Louisville speech of Governor Alfred E. Smith during the campaign, when he declared that business need not fear tearing down of the tariff walls by the Democrats.

Republicans Give Views

Republican leaders declare that the attitude of the minority will be of little importance in the enactment of a new tariff bill. They expect the record Republican majority of about 100, which comes in with President-Elect Hoover on March 4, will give the party complete control of the framing of every tariff schedule.

With a schedule of hearings already completed, to begin January 7, Representative Hawley (R) of Oregon, chairman of the committee, declared that in the event a special session is called after March 4, it would be possible to pass the new tariff bill by May.

Notices went out today to scores of organizations which have notified the committee that they want to be heard on tariff changes. They will be given hearings before the full committee.

The hearings, it was announced, will embrace the following general divisions: chemicals, oils and paints; earths, earthenware and glassware; metals and manufactures of metals; sugar, molasses and their manufacture; tobacco and tobacco manufactures; agricultural products and provisions; spirits, wines and other beverages; cotton and cotton manufactures; flax, hemp, jute and their manufacture; silk and silk goods; papers and books, sundries; free list, administrative and miscellaneous.

Pay Compliment To Local School

Associate editors of the Journal of Commercial Education, probably the leading magazine today in the field of commercial education, have paid the commercial department instructors of the local Senior high school quite a compliment in the current issue of the publication. In fact, New Castle in general can regard itself as being in the high estimation of commercial education leaders.

An article which occupies almost two pages bearing the capiton "Revision of the Commercial Curriculum at New Castle, Pa." tells of the report the local school educators made to the general commercial curriculum committee last year. The article was written by one of the co-editors of the magazine who is a principal of one of the junior high schools at Washington, D. C.

E. W. Barnhart a nationally known authority in commercial education work is the editor of the journal.

ously injured, crashed into the Brown car at the crossroads on the Hubbard road, near Coitsville. Both injured men are in St. Elizabeth's hospital, Youngstown, where they were taken following the crash. The Brown machane is a complete wreck.

The accident occurred about 5:30 p. m. Tuesday. Mr. Brown was enroute toward his home in this city. The other machine was crossing the Hubbard road. The latter machine crashed into the side of the Brown car.

Mr. Brown was unconcious when picked up, as was the as yet unidentified driver of the other machine. Mr. Brown had recovered consciousness about eight o'clock last night, when his wife, his father and brother and the mother of Mrs. Brown arrived at his bedside in St. Elizabeth's hospital. Hopes of his recovery are entertained, although his left leg and left arm are severely injured. No broken bones were found but it is feared that the injury to his head may prove more serious. An X-ray is being taken to determine whether or not he sustained a fracture of the skull. Mrs. Brown returned to his bedside today.

Owing to the continued unconscious condition of the other victim of the accident, it has been found impossible to determine his identity.

First word of the accident was received by Deputy Sheriff William Reynolds and he at once notified the family of Mr. Brown.

He was given the information by the sheriff of Mahoning county, Ohio.

ground, breaking the propellor but the boy was uninjured.

The youthful aviator and his father who joined him here this morning were hoping to complete their transcontinental flight in New York late today.

(International News Service)

Mercer, Pa., Dec. 5.—With the propellor of his plane broken, Richard E. James, 17-year-old solo pilot who is attempting to be the first youth under 21 years of age to complete a transcontinental flight, was stranded at a farm house two miles from here today where he was forced to land by hazy weather.

Martin Jensen, piloting a plane carrying Forest James, father of the youthful aviator, arrived at the Clarion airport last night from Bellefonte and proceeded here to young James' assistance.

A low ceiling and foggy weather which hung over Western Pennsylvania yesterday took James about two miles off his scheduled route which he was following on his transcontinental flight. He was forced to land before reaching the Clarion, Pa., airport.

Jensen and the elder James acting as guides for the youthful aviator, had flown to the Bellefonte airport yesterday. They flew to the Clarion airport late yesterday when word was received of young James' forced landing.

Young James got here after two unsuccessful attempts to fly from Columbus through the wall of fog and the low ceiling which hung over Eastern Ohio and Western Pennsylvania and the Alleghenies.

Deaths of the Day

Mr. Steele Buried.

Funeral services for the late John B. Steele took place Tuesday afternoon at 1:30 from his late residence, 408 Norwood avenue, with Rev. F. E. Stough of St. John's Lutheran church in charge.

Burial was made in the Lutheran cemetery at Petersburg, O., and the pallbearers were Thomas Conroy, Wesley Mann, Joseph Beltram, Ezra Ashmore, John McCort and Charles McElroy.

Miss Maude Kennedy.

Miss Maude Kennedy, a former well known instructor in the public schools of this city, died this morning at 6 o'clock in Coatesville, Pa., according to word received by friends here.

Miss Kennedy was supervisor of domestic science of the Coatesville schools. Her death comes as a great shock to her many friends and associates in this city.

She was the daughter of the late Mr. and Mrs. George Kennedy, prominent residents of this community who resided on Pearson street for many years. Previous to leaving New Castle, Miss Kennedy had been a teacher in the Aiken school. While here she was an active member of the Second U. P. church.

Surviving her are two sisters, Mrs. L. L. McLeod of Philadelphia and Mrs. Edward Chambers of Aliquippa, and one brother, Russell Kennedy of Pittsburgh.

The body will probably be brought here for burial. Announcement of funeral will be made later.

Time Of Funeral.

Funeral services for the late Mrs. Richard E. Johns will be conducted from the family home, 412 East Park avenue, Friday, December 7, at 2:30 p. m. Rev. S. G. Bennett, acting pastor of the First Christian church will be in charge assisted by Rev. W. J. Johns of Pittsburgh.

Mr. Patton Buried.

Funeral services for William H. Patton took place from his late residence on the Harlansburg road Tuesday afternoon at 2 o'clock. Rev. J. W. St. Clair, pastor of the Neshannock United Presbyterian church officiated assisted by Dr. S. E. Irvine of the First U. P. church of this city.

The services were largely attended. A wealth of beautiful flowers banked the casket, expressing sympathy and esteem.

The pallbearers were J. W. Patterson, J. A. Weller, George McConaghy, T. J. McNight, W. C. Patterson and W. W. Patterson. Burial was made in the Neshannock cemetery.

Ida Barbati Buried

Funeral services for Ida Barbati, daughter of Mr. and Mrs. Isadore Barbati took place Tuesday afternoon at 3 o'clock from the residence, 106 Sankey street. Rev. Frank Maruso, pastor of the Italian Christian church was in charge. Interment was made in Greenwood cemetery.

Ilene May Brenner

Ilene May Brenner, infant daughter of Mr. and Mrs. Michael Brenner, died Tuesday afternoon at the family residence, 1008 North Liberty street.

Funeral services took place this morning at 11 o'clock. Rev. W. R. Sommerfeld, pastor of the Christ Lutheran church was in charge. Burial was made in Oak Park cemetery.

Senator DuPont Resigns Post In Letter To Dawes

Illness Forces Senator DuPont To Resign Seat In U. S. Senate

(International News Service)

WASHINGTON, Dec. 5.—Senator Coleman DuPont (R) of Delaware, has forwarded his resignation from the senate to Vice President Dawes, it was learned here today.

The resignation probably will be announced in the senate during the day.

DuPont, elected to the senate in the Coolidge landslide of 1924, was stricken with a serious throat illness some time ago and has been unable to attend to his senatorial duties for the last two years. His illness impelled the senator to give up his seat.

SOME PROGRESS IS BEING MADE BY KING GEORGE

(Continued From Page One)

signed by Sir Stanley Hewett and Lord Dawson of Penn, was issued at 10:30 a. m.:

"The king has passed a fair night. There are reasons to hope that the recrudescence of infection which caused the last rise in temperature is being moderated."

The reference to the return of the infection (apparently that in the lung) was received somewhat depressingly despite the fact that the king had passed a fair night. Last night's bulletin which stated that the king's rise in temperature still persisted, also stated "otherwise conditions remained unchanged."

Sir Stanley had passed the night at the king's bedside.

NOW SHOWING
Ronald COLMAN and Vilma BANKY in "TWO LOVERS"
A FRED NIBLO PRODUCTION

It was fitting that the last co-starring feature of the famous romantic team of Colman and Banky should be their greatest.

"Two Lovers" is thrilling and as romantic as a night in June. It will bring a thrill to the sweethearts of today and to those of yesterday, a bit of tender memory.

STANDARDS FOR PENNSYLVANIA TEACHERS

IT IS a serious indictment which Dr. John A. Keith, State Superintendent of Public Instruction, makes against the school teachers of Pennsylvania when he suggests that half of the 58,000 employed are merely "hearing" lessons of their pupils, but providing neither inspiration nor intellectual initiative for the making of good citizens.

"Children must not only be taught facts," he declared at the seventh annual conference of the teachers in state normal schools and teachers' colleges. "They must be developed in terms of an ideal pattern of citizenship as members of a democratic society. Children must be taught to pull their own weight in the boat of human destiny and even a little more."

Thirty per cent of all the teachers in the state are honestly striving to find methods and devices through which to arouse interest and inspire their pupils and are moderately successful because of that effort, he said. The third class, comprising twenty per cent of the teachers—one out of five—is composed of master teachers who look upon their pupils as units of our civilization to be trained to make definite contributions toward the development of that social fabric.

The percentages are Dr. Keith's own, and certainly they may be accepted as the most authoritative which it would be possible to obtain in Pennsylvania. The master teachers may be considered as fully justifying the expenditure of the public funds, worthy not only of the pay they receive, but a great deal more. The second class of earnest workers striving for good results and attaining them to a reasonable degree is worthy of the pay that should be given to the rank and file, and if that is inadequate it should be increased. But what are we to think of the first class—half of the total personnel—which by the statement of the state superintendent of schools is inefficient and derelict to its trust? This class participates in all of the benefits that are accorded by the citizens to the teaching profession, including salary increases, and by sheer weight of numbers must drag down the high standard which the leaders of the profession seek to establish. These inefficients compound their offenses year by year by presiding over the destinies of our boys and girls and failing to give them what should be their birthright.

What parent wishes his boy and girl placed in the hands of such teachers as those of the fifty per cent? What parent does not want his boy or girl placed in the hands of such teachers as those of the twenty per cent? If Dr. Keith's figures are correct there are approximately 29,000 teachers in Pennsylvania who are cheating the taxpayers and the children who look to them for instruction; there are less than 12,000 master teachers. We should know next how these efficients and inefficients are divided as to urban and rural communities and as to particular cities.

Does New Castle and Lawrence county have a minimum of the inefficients and a maximum of the efficients? We wonder.

BIG GAME GOING FAST

FROM England comes the report that man, who has destroyed whole species of the animal kingdom since the invention of the rifle, is rapidly wiping out the wild life of the African continent. In another 50 years, it is reported, big game in Africa will be extinct. The worst destruction has been in South Africa, where nearly all the elephants have been killed; the quagga and the blue bock have disappeared; the white rhinoceros is "so nearly extinct that some men who land in Africa are obsessed with a desire to shoot the last one." The bontebok, mountain zebra, roan antelope and nyala have almost all perished, and the black rhinoceros, eland, rhebok, grysbok, southern oribi, sable antelope and kudu are said to be in grave danger in a country that once swarmed with these species.

It has been proposed that game refuges be established in various parts of the African continent, that these animals may not be lost forever, but there are, as usual, two influences working against the scheme. One is the settlers who, like our farmers in respect to the black bear, would prefer the destruction of the animals. The other is the hunters who are flocking to Africa, the last and best hunting ground for big game, in ever-increasing numbers. Only government action, it appears, can prevent the wiping out of the disappearing species.

HEALTH THREAT SEEN IN BASKETBALL

THE Rotary Club of Coaldale has asked the public and parochial school authorities there to discontinue playing basketball. Their petition charges that the game is a "tuberculosis menace," and five players have already been afflicted.

The objection to the indoor sport is not a new one and may possibly be justified by the danger of inhaling dust and germs stirred up on the courts and by failure to care of the body properly after strenuous exercise.

If the theory is true, precautions should be taken and advice of health experts should be sought. The pastime is exceedingly popular, luring students to participate in the contests instead of being content with merely watching others, as is the case with football. It is a form of recreation that should be saved if possible.

A Good King.
Congress Comes Back.
New York to Peking.
Young Men, Old Women.

By ARTHUR G. BRISBANE
(Copyright, 1928, by N. Y. American, Inc.)

King George has been a faithful friend and servant of the British people and their empire, obedient to the people's will, loyal to the national spirit.

The sympathy of the world is with his family, and especially with Queen Mary, who has set an admirable example before the women of the world.

The "lame duck" session of congress is at work. Farmers need relief, the Kellogg peace agreement awaits decision, cruisers, recommended by President Coolidge, need appropriation.

And the country needs airplanes and submarines.

We talk about them, other nations build them, including Japan. General Mitchell, dropped from the army because he took national defense too seriously, praises the wisdom of Japanese preparations.

Latest news concerning them tells of enormous submarines, up to 4,500 tons, and of effective cooperation between Japan's submarines and airplanes.

Japanese fliers land on the ice off Kuril islands, south of Kamchatka. Submarines come up through holes in the ice and supply the fliers with oil, gas, provisions, and repair parts as needed.

That is a system hard to break down.

A commercial air route promising greatest success, according to General Mitchell, would run from New York to Peking. That should interest the Boeing Aairplane company of Seattle, and C. E. Mitchell of New York City's National City bank, who has "bought into" Boeing with some of his friends.

Interest saved on commercial paper, carrying it from New York to Peking in 65 hours, instead of four weeks, would suffice to make the road pay. And the planes could make money, carrying the most expensive furs. A fine sable skin weighs only one ounce and is worth four or five times as much as an ounce of gold.

A Massachusetts woman, aged 60, formerly assistant pastor of a First Christian church, marries her 21-year-old Sunday school pupil and the world criticizes.

The boy's mother says: "I am sorry for him." The bride's 30-year-old son says: "Mother must have been crazy."

Plato, wise philosopher, would not criticize the couple.

More than 2,000 years ago he said that older women should keep very young men out of mischief.

He said also that men should become fathers in middle life when they have intelligence developed.

If more young men married old women, waited respectfully and faithfully until they died, then married wisely someone younger, the race might improve. However, that will not happen often.

Washington rumor suggests that Mrs. Raymond Robbins will be appointed secretary of labor in Mr. Hoover's cabinet.

No better choice could be made, should Mr. Hoover decide to give one seat in the cabinet to a representative of one-half the population, the half that was largely responsible for the gigantic Republican vote.

Mrs. Robbins, who was Margaret Dreier, comes of a family devoted to intelligent public service. She knows working conditions among men and women and has worked incessantly to better them. And this she has done unselfishly, being a woman of wealth.

A shiver ran through Wall street Monday, with call money at ten per cent and stocks dropping. Big powers in finance, including the federal reserve, are firm in their profitable conviction that the way to help the public is to practice usury to the limit. That is good for bank stocks temporarily, but may not be good for banking, or anything else, in the long run.

After a while the financial chill passed and some stocks climbed to "new highs". Bears came out of their gloomy caves and licked their lips. Their feast is not yet ready, however.

There is so much money and the Hoover boom should normally run along at least until after the Hoover inauguration. That would be only common politeness.

Sun sets tonight 4:33. Sun rises tomorrow 7:10.

The National Reform association wants a law that will provide uniform marriage and divorce laws in America. We are in favor of that also as there surely will be disaster if something is not done along that line.

It has been our pleasure to see several musical comedies recently and we have come to the conclusion that the silk stocking industry is getting or will get an awful blow below the belt. When they go bare legged on the stage it will not be long until all the women follow that example. By next summer there will be nothing but bare legs and where will the stocking factories be then? Oh, wham de doodle wham!

The name of the goat blamed by the Hebrews for everything isn't mentioned anywhere, but doubtless it sounded much like "dad".

We read with a great deal of satisfaction an account of a local policeman arresting a chap for blowing his automobile horn unnecessarily. We would favor a big raise in the salary of the police force if the police would do that every time it occurs.

Christmas trees that are put up with great enthusiasm should also be taken down with the same spirit after their usefulness is over. This thing of leaving them stand around until June is all wrong.

NEIGHBOR OF DEATH
By Franklyn Blanning.

I shall not have my days
  Silent as snow,
Nor my world as gentle
  As the shy doe.

Mild, hosanned quiet,
  Neighbor to death,
Is closely related
  To need of breath.

Rather the maddened earth
  Hammer my brain;
Rather the wooer Life
  Crush, wound and stain;

Rather stern, mighty force
  Sink me in toil
Than I should from battle
  Ever recoil.

Peace lover is nearer
  Edge of the grave
Than he who goes blindly
  Ways of a knave.

I shall take the swift years
  With all my strength;
Exchanging for passion,
  Dull end of length.

Some foreign nations do not like the United States. There is no reason for this dislike except that this country is prosperous and has the money. Nations are like humans also. I wish there were no need to give.
  No need for sacrifice or pity.
I wish that all on earth who live
  Were rich and wise and glad and witty.

I wish there were no need to build
  Great havens for the poor and sickly.
That every human hand were skilled
  And joys for all were lavished thickly.

I wish there were no need to ask

That each were happy at his task
  And none were richer than his brothers.

I wish that men could get along

Whitney And Ryan Estates Hold Proof Of Opportunity

One Sets High Record When Inventory Is Filed And Other Is Estimated At Even Higher Figure When Finally Settled

The filing of the inventory of the estate of Payne Whitney and the death a few hours later of Thomas Fortune Ryan, even more wealthy than his one-time associate in the financial world, have served to impress the public mind with opportunities for success in American life. The Whitney inventory breaks the record among settlements of large estates. Both men are praised for their outstanding ability in the management of large personal interests.

The Whitney estate, with its total in the neighborhood of $200,000,000, is viewed by the NEW YORK TIMES as establishing a figure which "is difficult for Americans to grasp, used as they are to the parade of great sums through the press." The Times points out that "the terms of his will will establish one fact that can be grasped by everyone—that he was a generous, kindly, charitable man, "whose estate was "the product of two fortunes in financial union," but neither of which, however, except for his management, "could have represented anything like half of this total."

"Payne Whitney's father, William C. Whitney," according to the NEW YORK EVENING WORLD, "was about as poor a young man as ever left a western Massachusetts hilltop to seek fortune elsewhere. He made his money in the surface traction developments of New York City a generation or more ago. But those investments of the father were very transitional. We find little or no trace of them in the son's listed wealth. Alliance with the Payne family of Cleveland gives the clue to their reinvestments. Standard Oil stocks predominate. * * * Their disposition in the Payne Whitney will is generously public-spirited as such fortunes go on the average—many millions to hospitals, libraries and other philanthropic institutions."

The fact that Mr. Whitney's inherited wealth "was increased by his own skillful management" impresses the CHARLESTON DAILY MAIL, which feels that "it would be interesting, if we had any way of determining the fact, to know what proportion of all the fortunes inherited, whether large or small, were well managed and increased by the recipients or wasted by mismanagement."

"To equal the enormous sum left by this man, by no means so well known as his brother, Harry Payne, and popularly esteemed as one concerned more with social and sporting activities than with the accumulation of wealth," suggests the NEWARK EVENING NEWS, "the $80,000,000 estate of J. P. Morgan the elder and the $90,000,000 left by John Jacob Astor would have to be combined and still be $10,000,000 short. The $60,000,000 Mr. Whitney bequeathed to educational and charitable institutions alone is but $5,000,000 less than the entire estate left by Russell Sage, and makes insignificant the $20,000,000 Andrew Carnegie was worth when he died—he having in his lifetime, however, given away some $350,000,000. But so was Mr. Whitney a generous, if an unostentatious philanthropist while he lived."

"He was a good steward," says the WORCESTER TELEGRAM, referring to the expansion of his inherited wealth under his own management, and The Telegram adds: "His riches never kept him from enjoying the leading of a healthy, friendly, wholesome life." The LOUISVILLE TIMES, considering the inevitable tendency of American fortunes to "increase to such an extent as to pass beyond the conception of the human mind," holds that the power conferred may be put to varying uses. It quotes from Milton, who said: "good and evil are twins" and concludes that "great wealth, giving great power to do harm, confers ability to improve the condition of the human race."

"A rich man who uses his money wisely, helping others over some of life's hard places," comments the ROCK ISLAND ARGUS, "and who has true friends who like him for his own, not merely for his money's sake, ought to be very happy. Mr. Whitney seems to have been that sort of a man." The CHARLOTTE OBSERVER also testifies that "he seems to have led a happy life," and Mr. Whitney's public benefactions that paper describes as "the biggest shake of the cornucopia on record."

The death of Mr. Ryan, coupled with the filing of the Whitney estate figures, is received by the ANNISTON STAR with the statement that "such vast personal fortunes are almost inconceivable to the average man here in the South," but it expresses the hope that "as fortunes accumulate in this state of Alabama, our men of wealth will likewise remember in their wills our institutions of learning that are doing such a wonderful work." The OMAHA WORLD-HERALD observing that "the world's financial center gasped" when it learned of the size of this estate, adds that "a generation or so ago it wouldn't have gasped at an announcement like this; it would have dropped dead."

Tributes to the abilities of both Mr. Whitney and Mr. Ryan are paid by the SCRANTON TIMES, which states that the latter, "while he belonged to a time and shared the views of financial leaders now dead, nevertheless was able to retain his hold on the public imagination up until the very end." The GRAND RAPIDS PRESS, recognizing American opportunities, declares: "These two boys—the blue-blood and the redblood—began far apart but became in the end two of a type—hardworking, shrewd, responsible executives. * * * Thomas Ryan's great opportunity to rise from poor boy to man of wealth came because the elder Whitney wished his estate protected and properly managed."

"Fortunately this is a prosperous country," says the DULUTH HERALD, "by other measurements than that of Payne Whitney's fortune or that of Thomas F. Ryan. It is a prosperous country measured by the number of its people who are gainfully employed at good wages and on comfortable hours of work. It is a prosperous country measured by the number of savings bank accounts, by the number of people who own good stocks and bonds, by the number of people who own their own homes, by the number of people who own automobiles, and radio sets and phonographs and pianos and washing machines."

The Way OF THE World

By GROVE PATTERSON

LOVERS AND OTHERS

Newspapers conduct columns of letters and questions and answers for lovers and others—young and old. Mostly the readers and writers are young people or those who believe they are young. The other day a young man wrote that he was very much in love with a girl and that she liked him, but she would not marry him. And the wise woman who conducts the column and answers the letters wrote: "Well, Roy, if I were you I would hustle out and try to make myself the sort of man a nice girl would want to marry."

Probably this young man had never thought of it just that way. Most young men want what they want—very much—but they are not willing to go out and become the kind of young men that deserve the things they are after. Very many young people are exceedingly selfish. They want everything their way and are not willing to sacrifice. There is no give and take in their make-up. And, of course, they are much handicapped and the whole business of living is made complicated by the fact that it never occurs to them that they are probably wrong. The average young man or young woman says: "There are only two ways; my way and the wrong way."

It is a fine thing to have confidence in oneself. It is very important, however, to see to it that it isn't misplaced confidence.

ENGINES AND BODIES

When an internal combustion engine runs out of gas the engine stops but it is not destroyed. When the human body runs out of oxygen it not only stops but a certain kind of destroying disintegration sets in. A. V. Hill, noted physiologist, who won the Nobel prize for medicine when he was 35, has been finding out some fascinating things about the origin and continuance of human life. It is not too much to believe that science will one day learn the secret of life—learn how it all started in the first place. In the meantime the rest of

Duke Of New Castle Is Not Surprised By Daughter's Escapade

Lady Doria Hope, Daughter Of English Lord, Found Working As Clerk In Store

Tired Of Society Life, Sought Solace In $25 Per Week Job In New York City

(International News Service)

LONDON, Dec. 5.—"My daughter Doria is a very independent girl, but level-headed," commented the Duke of Newcastle when informed today by International News Service that his daughter, Lady Doria Hope, had temporarily "gone into trade" in New York as a shop girl.

The duke expressed surprise, but was not disturbed, evidently content in his own mind that Lady Doria could take care of herself. He received the news calmly that his daughter had quit her $25 a week job when her identity was discovered.

"Doria is certainly in New York," said the duke at Harrowlands, his Dorking home. "She went there three months ago to visit friends, but her living address is certainly not Greenwich Village, as the report to me has it."

It developed that Lady Doria did not take her family into her confidence before she launched out "upon her own" in New York.

"I saw her in October when I went to Canada by way of the United States," added the duke. "She certainly did not suggest then that she wanted to strike out for herself. She is a very independent girl but level-headed. I expect her home shortly."

The Duke of Newcastle was formerly Lord Francis Hope. He succeeded to the title upon the death of his elder brother recently. The present duke, Lady Doria's father, was the former husband of May Yohe, the American actress, and once owner of the Hope diamond.

Express Company Stock Takes Jump

Rumor Of Gigantic Merger Sends Adams Express Stock Up 18 Points

(International News Service)

NEW YORK, Dec. 5.—Adams Express company stock jumped 18 points today on the exchange when reports were circulated in Wall street today that interests affiliated with both railroad and banking fields have acquired control of three express companies—the American Express company, the Adams Express company and the American Railway Express company—and may link them into a $200,000,000 structure.

The project has been under discussion for more than a year. It is now understood that the uniform express contract committee of the Association of Railway Executives has prepared plans for taking over the assets of the American Railway Express company at cost, less depreciation, and to handle the business of the country by a new corporation to be known as the Railway Express Agency, Inc.

SEARCHING FOR WASTE ACREAGE

(Continued From Page One)

veys of the state, in an effort to locate tracts of 2500 acres and upwards that can be bought for state purposes. This was the purpose of Mr. Zerby's visit here.

Lawrence county land outside of the city, for the most part is either in boro development, farm or mines and quarries. While there may be scattered bits of land in five, ten or 50-acre plots that could be bought for reforesting purposes, there is nothing to approach the size of tract the state wants and as a result Lawrence county will probably get no reforesting.

It is a rather encouraging comment on the county when such is the case for it proves that there is no cheap land in the county.

Too often people who have sense enough to interest you have too much to be interested in you.

Scranton Man Is Held For Murder, Girl Victim Dies

(International News Service)

SCRANTON, Pa., Dec. 5.—Scranton had a "scissors" murder today. The crime was attributed to the love of a man 30 years old for a girl of 12, who repulsed his advances.

Natalie Pangonis, the girl in the case, died today in the Mercy hospital from wounds inflicted on her a month ago by Joseph Youkas, 30. On November 10, police say, Youkas went to the girl's home and attacked her with a scissors when she spurned him.

After wounding the girl Youkas slashed himself with the scissors and was discharged from a hospital to be taken to prison.

With the death of the Pangonis girl, who was well developed physically despite her tender years, the police changed the charge against Youkas from felonious assault to one of murder and he was held without bail for the grand jury.

Nineteen Race Horses Burned In Stable Fire

(International News Service)

COLLINSVILLE, Ill., Dec. 5.—Barn "Q" at Fairmount racing track here burned down to the ground at 6 o'clock this morning destroying 19 race horses.

Eight horses belonged to Watkins and Anderson of Alton and 11 to Tony Foley.

The horses were valued at least $5,000 each. Irish Pal was one of those lost.

Engineers' File Expense Reports

(International News Service)

HARRISBURG, Dec. 5.—The Pennsylvania section of the Engineers' National Committee, which worked for the election of Herbert Hoover for president, filed its financial report at the state bureau of elections today. It collected $2,090 and spent $1,418.

The Dauphin County Republican committee accounted for receipts of $21,163 and expenditures of $15,460. The Tioga County Republican committee received $1,551 and spent $1,451 while the Juniata County Republican committee received $1,463.71 and spent $1,435.05.

The Al Smith club of Carnegie received and spent $336.75.

WASHINGTON, Dec. 5.—Secretary of State Kellogg will appear before the Senate Foreign Relations committee Friday morning to explain his multilateral anti-war treaty, it was announced today.

The committee met briefly today, arranged to hear Kellogg but took no action on the treaty. Senator Borah (R) of Idaho, chairman, said he expected early approval of the treaty by his committee and its ratification by the senate

Trio Charged With Killing Of Hermit Are Given Hearings

Man And Two Boys Remanded To Jail Following Hearing To Await Grand Jury

(International News Service)

YORK, Pa., Dec. 5.—Following a preliminary hearing which was little more than a formality, John Curry, 14, John Blymire, 32, and Wilbert Hess, 17, held in connection with the slaying of Nelson Rehmeyer, York county recluse, were committed to jail to await the action of the January grand jury.

The hearing was scheduled to be held this afternoon, but a last minute change in plans resulted in the trio being brought before Alderman Walter F. Owen this morning at 9:30. The hearing lasted less than five minutes, the only witness called being Detective Ralph Keech, who made two of the arrests and was present when the three prisoners made their alleged confessions of the slaying.

Louisville Gambler Held By Kidnappers

Kidnappers Of "Big Ed" Alvey, Demand That Wife Give Them $50,000

(International News Service)

LOUISVILLE, Ky., Dec. 5.—"Big Ed" Alvey, 60, known as the "king" of Louisville gamblers, was kidnaped here today and held for $50,000 ransom.

Four men called at Alvey's home short after midnight and dragged him to a waiting automobile. Alvey's wife received word from the men today that her husband would be killed unless she sent them $50,000 immediately.

Escaped Convict Captured, Wounded By State Troopers

(International News Service)

PHILADELPHIA, Miss., Dec. 5.—Mystery surrounding the dispatching of a contingent of national guardsmen from Jackson early today was explained shortly before noon when Virgil Dunn, escaped convict, was shot and probably fatally wounded by the armed troops.

Dunn, who was convicted of slaying a town marshal at Neshoba, Miss., two years ago, was shot three times by guardsmen before he was captured.

The fugitive was hiding in the woods when the troops arrived.

Prominent Irish Republican Dead, Struck By Auto

(International News Service)

DUBLIN, Dec. 5.—Henry Dixson, aged 69, one of the most prominent Republicans in Ireland, was struck by a motor car and killed in front of his home this afternoon. He was active in the Sinn Fein organization and was arrested for his part in the 1916 uprising.

Well Known Polo Player To Marry

(International News Service)

PITTSBURGH, Dec. 5.—Announcement of the engagement of Mrs. Alexander Laughlin, Jr., the former Margaret Mellon to Thomas Hitchcock, Jr., of New York, internationally known polo player, was made here today. Plans for the wedding were not made known.

Mrs. Laughlin is the daughter of William Larimer Mellons. She has resided with her parents here since the death of her husband two years ago.

It was believed here that the couple would spend their honeymoon on the new Mellon Yacht Vagabondia which was reported being made ready for a winter cruise in West Indies and southern waters.

Believes New Castle High Team Entitled To National Honors

The football public of New Castle is aroused. With a winning team here this year, the fans assert that New Castle high school should receive national recognition.

Thus, A. M. Snyder, an employe of the B. & O., declared to a News man today. Snyder was "hot under the collar" when talking over the football situation and believes that the 1928 New Castle high school eleven is one of the best in the United States.

Playing a W. P. I. A. L. schedule naturally would not accord national honors. Were the New Castle team to come into the spotlight of the scholastic sport world of the United States, they must of necessity play a schedule in which several different sections of the country are represented.

New Castle high has a very fine football team this year, one of the best that has ever represented the local institution, is the consensus of opinion of the local boosters, and they feel that it is a shame to allow such a group of boys to pass from the picture without being duly recognized.

There are mighty few high school football teams that play what could be called national schedules. Will New Castle be the pioneer in this regard? The fans are of the opinion that the W. P. I. A. L. is not giving New Castle a fair "shake". The locals, said Mr. Snyder, have been runners-up long enough and the fans are requesting something better for New Castle.

Occupational Survey Is Notable Success

"The success of a survey such as the one that was just recently made by the commercial curriculum committee this year in New Castle, is due largely to the kind of cooperation the business men show in giving out information regarding their business," said Harry D. Book, head of the senior high school commercial department, chairman of the committe, today when commenting on the progress of the commercial junior occupational survey, which is being made in New Castle this year as a part of the curriculum revision project, which has been going on for two years now in the public schools of the city.

"Every office, store and other place of business of reasonably fair size in New Castle has been surveyed, and in only one or two instances was any detail of information refused the committee," Mr. Book continued, "and for this hearty cooperation the committee is very grateful, for without it this part of the survey would have been impossible.

"From this information gathered from the business men the committee will know in what positions all young commercial workers under the age of 25 years are engaged in New Castle, what they have to do in their different positions and the average salary that each position commands," said Mr. Book.

For example, it has been found that approximately 45 per cent. of all the young commercial workers in New Castle are engaged in retail selling; that about 60 per cent. of the young workers in these positions are high school graduates or the equivalent; and that the salaries of young workers are very good. The commercial course of study, at the present time, requires only a one-semester course in the fundamentals of salesmanship. Only about 10 per cent. of New Castle's young commercial workers are employed in bookkeeping positions, and yet the commercial course of study requires three years' work in this subject. There is clearly a need here for revision, if the commercial course at the Senior high is to serve the community. But this is only one of the things that such a survey, as was recently made, will bring to light.

"The committee," Mr. Book went on to say; "will have the collective opinion of the business men, in regard to the subjects or branches in which the graduates have not had sufficient training, and those which perhaps are being emphasized needlessly. They will know what the business men consider to be the most important personal qualifications that young commercial workers should possess, to be a success in business and what office machinery is being used to the greatest extent here in this city.

"The tabulations of the business men's questionnaires are at this time practically completed, and in addition to what is mentioned above, much other valuable information will be available to aid in the curriculum revision."

In addition to the information that the business men so willingly gave the committee, about 100 questionnaires are being sent to graduates of the commercial course who are now working as stenographers, bookkeepers, salesmen and so forth. Much valuable information will be secured from this source. When these tabulations are made, and compared with the findings from the business men's questionnaires, the final recommendations for certain revisions in the commercial course will be made.

"A study such as this," concludes Mr. Book, "should adjust our commercial courses, in a vocational way, to the needs of the community. And this is the major purpose of high school commercial education; to train young people for business."

State Official Held, Man Killed, Struck By Auto

M. E. Sherman, State Game Warden, And District State Officer Superintendent Held

(International News Service)

SCRANTON, Pa., Dec. 5.—M. E. Sherman, of Chinchilla, state game warden and superintendent of state officers in nine counties in Northeastern Pennsylvania, was under $3,000 bond today on a charge of involuntary manslaughter.

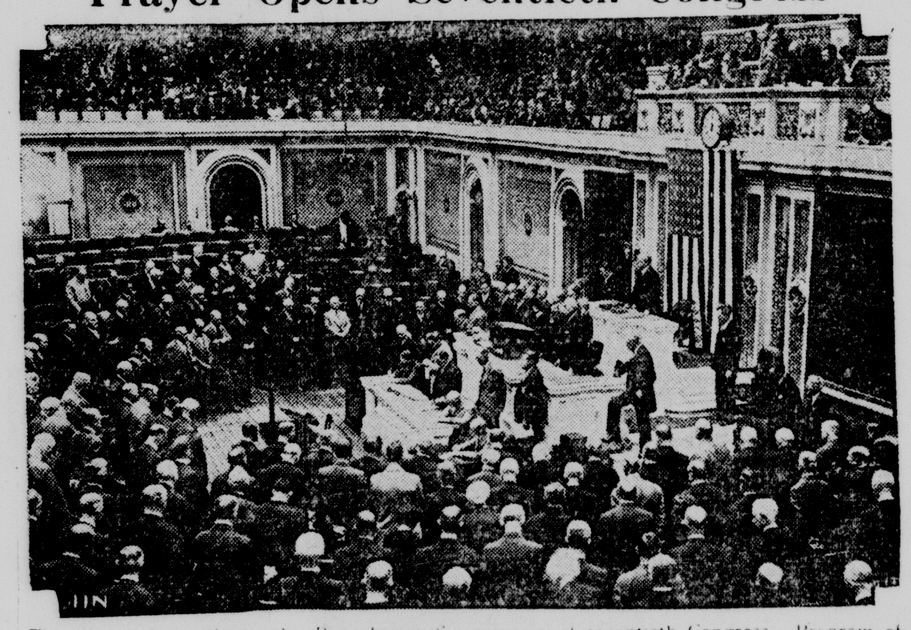

Sherman was operating an automobile which ran down and killed Edward Roache, 65, at Clarks Summit, last night. Following the accident, Warden Sherman rushed the victim to the hospital where he died today of a fractured skull and other injuries.

Tabernacle Will Close December 18

Final Services To Be Held Two Weeks From Last Night

CROTON M. E. MEMBERS VISITORS AT SERVICE

In his announcements on Tuesday evening, Evangelist C. H. Erickson of Everybody's tabernacle made it clear that the final service of the evangelistic party would be held on Tuesday night, December 18, two weeks from last night. It was at first thought that Rev. Erickson would close his evening meetings this week, but because of popular request it has been finally decided to continue the campaign to that date.

Probably more than 2,000 persons heard the inspiring sermon which Rev. Erickson preached last night. Two score or more of members from the Croton Methodist church, led by their pastor, Rev. C. C. Mohney, invaded the tabernacle just before the start of the service. Along with them was their Sunday school orchestra which was to feature the evening service with a number of selections.

Evangelist Erickson's remarks last night were based on this passage: "In Christ's redemptive relation to man He has seven compound names which reveal Him as meeting every need of man from his lost state to the end." From this Rev. Erickson cited the seven names and explained them.

"First," he said—"the Lord will provide and sacrifice for you. He gave a sacrifice to the world for once and for all when He gave His son Jesus to be crucified for others' sins. Second, there is no peace in the world except in Jesus—Jesus is the only peace, the real peace.

The evangelist then continued with the third, the fourth and the others, stressing the fact that God meets every need of man. "And God provides us with money too," he continued. "Not only spiritual blessings does He give but temporal ones as well. God has thoughtfulness for us always. No matter what trouble or great endeavor you are in, Jesus is watching you all along. He'll help you."

The sermon last night was based on the customary divine healing subject. And speaking of this, the evangelist said that just because some people do not believe in divine healing does not say that it is false. Perhaps a man doesn't become cured when first prayed for, then a lot of people say that it's no good. But the evangelist declared that this isn't a fair way to judge it. Many do not believe in it merely because they know little about it.

The colored quintet and Mr. and Mrs. Erickson sang last night and the large crowd certainly enjoyed it. The response in the general singing was likewise good.

Rev. Erickson is planning a big time for the closing days of the campaign, including a night of testimonials by the members of the colored quintet alone. They will tell how God saved them to serve in song. The evangelist will also give a story of his own life on the night before the close of the revival meetings.

Wealthy English Girl Found Clerk At $25 Per Week

Daughter Of Rich English Family Decides To See New York "Inside"

(International News Service)

NEW YORK, Dec. 5.—Society was still gasping today over the revelation that until yesterday the daughter of one of England's richest and best known peers had been working as a shop girl in a local department store at the queenly salary of $25 a week.

The girl is Lady Doria Hope, attractive 20-year-old daughter of Francis, Duke of Newcastle.

Two months ago she arrived from England accompanied by Miss Leonora Highet, her chum, and went to the Frederick Brooke's summer home at Buzzard Bay. She tired of the endless round of social affairs after a few weeks and together with Miss Highet determined to see New York from the "inside," she said.

The two girls rented a $55 a month apartment in Greenwich Village, and then started a search for jobs just like countless less favored girls do when they find themselves alone in New York. Lady Doria of a radiant personality had little trouble getting a $25 a week sales girl position while Miss Highet was given a position as interior decorator at $30 a week.

PETER'S ADVENTURES in ANIMAL LAND

BY MRS. FLORENCE SMITH VINCENT

SAD WATCHERS AT A MERRY FEAST.

Over the flames hung a great iron pot and into this pot the Two-Legs dropped the pigeons that were ready for the boiling.

Some of the men had fastened their birds upon long pointed stocks and were slowly turning them to roast before the fire.

Peter had wondered what the Dove had meant when that fellow had said that even the beasts were feasting. Now Peter caught sight of a great pen where many hogs were tied and he heard them squealing with delight over their supper.

The farmers must have driven their pigs for this very purpose to fatten them on the poor pigeons.

Little shadows played tag among the trees and the men sang at their tasks. Everything and everybody was gay but the pigeons. They crouched upon the branches unhappy and miserable and shivered and shook with pain and fear, waiting for the terrible night to come to an end.

Poor things they had started out that day in such high hopes. They were going to have such fun in the Great Woods and feast on the food they loved best and now in front of their very eyes they were watching their brothers and sisters being cooked and eaten. The tables were turned and the pigeons themselves were faring just like the helpless insects they had hoped to gobble up!

"Dear! Dear! Dear!" groaned Peter, "What a dreadful fate."

A pigeon who had not before opened his mouth suddenly spoke and in a most disagreeable tone.

"What are you sighing for Boy?" asked he. "You have nothing to be sad about as far as I can see. It is not your family that is suffering; you have watched no brothers or sisters sizzling in the flames.

"And now that I come to think of it it is your people who have done this very thing. You are a Two-Legs. How dare you stay here with us!

"OVER THE FLAMES HUNG A GREAT IRON POT"

"We Doves are the most peaceable birds in the world. We have never been trained to fight—oh how I wish now that we had!—but we can give good sharp pecks and if we all shoved at once we could push you out of this tree.

"Our dear ones who never did any harm in their lives have been dashed to pieces upon the ground by your race why shouldn't we pigeons take our revenge upon you?'

Mexican Fights For His Life In French Hospital

Jaime Del Rio, Former Husband Of Dolores Del Rio Is Seriously Ill

BERLIN, Dec. 5.—Physicians attending Jaime Del Rio, young Mexican aristocrat and former husband of Dolores Del Rio, film star, today stated that he was "somewhat weaker" but without pain.

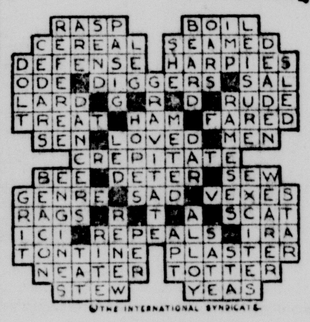

Del Rio suffered blood poisoning and paralysis after an operation for a carbuncle and is now in a critical condition. He is able to move only the fingers of one hand. His temperature is extremely high.

Friends stated he was much cheered by a cable from his former wife and read to him in a lucid moment. "Fight hard, Jaime, fight hard," it read.

"Tell her I'm fighting," Del Rio is reported to have said before lapsing into unconsciousness.

Big Addition Will Be Erected By Lawrence Automobile Company

Lawrence Auto Co. Building As It Will Appear When Completed.

Work will be started April 1, 1929, on the construction of a five-story fire-proof concrete and steel addition to the building on South Mercer street now used by the Lawrence Automobile Company, officials of the local concern made public today. When completed the structure will be 217 by 167 feet, ground floor dimensions, and will be one of the finest garage buildings in the state. Upon completion the entire plant will have an estimated value of $350,000, the addition to cost some $150,000.

Big Parking Project

The new structure is being built with the thought in mind of creating a public indoor parking and storage grounds, which will be heated, include service and will be modern in every way. The entire floor space of three floors will be converted into an indoor parking grounds, all of which will be connected by the ramp driveway system, which will permit driving cars to the top of the building with convenience and ease.

The addition will be built on South Mercer street adjoining the present business garage of the local company, and will be 150 feet in length. Back 100 feet on the new section the depth will be 160 feet. However, due to the river edge, the line of the building will be swerved and the rear of the structure will taper to a 75-foot width at the narrowest place.

This new addition will make a building which will face South Mercer street for 217 feet. It will be 160 feet wide for 167 feet of its length, while the remaining 50 feet will taper down to a 75-foot width. The total floor space in the entire building will be 167,800 square feet.

Remodel Present Structure

The present structure, which faces South Street, will also be remodeled, making the entire interior of both new and old sections into one large building. The new building will face South Mercer street.

The plans for the new structure as announced by the officials of the Lawrence Company today, give three floors to parking storage. The entire three top floors will be used exclusively for short or long-time parking purposes.

On the first floor facing South street, the section of the building now constructed, the entire floor space will be taken up by display rooms for both new and used cars. Offices, lavatories and rest rooms will also be located in this division of the building.

On the first floor of the section to be built will be found car greasing, washing, repairing and incidental work, which will be done in the new building.

The north side of the second floor will be used for storage of new and reconditioned cars, while the newer section facing the lower end of South Mercer street will be utilized for refinishing work, repairing of a more serious nature and longer time jobs.

Progressive Step

The local company feels that by giving the driving public storage service that is convenient and cheaper than one can afford to leave a car on the streets, that this will be perhaps the most used of the entire automobile plant.

According to the statement of J. H. Gibson, sales manager of the local concern, the Lawrence Company plans to have here every device for every type of car; every service which the modern car owner should chance desire, and an efficient working body whereby storage will mean having every service at immediate command in addition.

"It is for the public convenience that we feel the urge to build this storage plant," stated Mr. Gibson. At the present time traffic congestion and the parking problem has presented a dire need in having such a parking location that is heated, convenient and economical as well. This is what we are going to bring about in the construction of this building."

One of the new features of the building will be a driveway and first floor which will be sufficiently high to allow the highest trucks and motor buses to enter. A passenger elevator is also to be installed to bring the motorists who have parked in this indoor arena to the first floor after they have parked their car where and how they see fit and best.

The service at the new building will be continuous in order that parkers may use the indoor grounds at any time, as well as have their machines serviced at all hours. At the rear of the building a canopy overhead will be constructed and a modern gasoline and accessory plant will be installed.

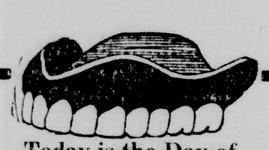

The Lawrence Automobile Company has been in the Buick sales work and general car repairing business since 1903. Since this time they have occupied several locations, and in 1918 constructed the present building on the corner of South and South Mercer streets.

At the time of its construction the present building was recognized as being the finest garage building in the state. "We have realized the change in the time and our need for more space," stated Mr. Gibson, "and we plan to have again the finest garage building in the state for New Castle."

Officers in the local concern are: James P. Cope, manager; J. H. Gibson, sales manager; L. C. Johns, president; C. A. Bookover, secretary.

The officials of the company expect that the new building will take six months to construct and they are planning to open in October, 1929, for business.

DeLawrence Gets Record Size Doe

Finds Evidence Of Illegal Hunting While In Clearfield County

First doe killed since the opening of the big game season on last Saturday and brought here is that shot by J. V. DeLawrence, 1203 East Washington street, who shot it Saturday about 2:30 o'clock at East Rock Pass in Clearfield county.

It was the first shot in that district. It is probably one of the largest does ever seen here, weighing 158 pounds. It has been attracting considerable attention at the Potter meat market on East Washington street where it has been on exhibition.

Mr. DeLawrence states that one of the unpleasant situations this year in the hunting of deer is the many evidences of violation of the game laws. He himself came across a fine six prong buck at Montgomery Creek, which had been shot illegally and which had been abandoned where he found it by the hunter who had killed it.

Hoover Reaches Peruvian Coast

President-Elect Is Warmly Greeted By Peru Citizens In Early Morning Hours

NATIONAL HOLIDAY HAS BEEN DECLARED

By LAWRENCE SULLIVAN
International News Service Staff Correspondent

ABOARD U. S. S. MARYLAND, OFF CALLAO, Peru (via Arlington, Va., Radio Station), Dec. 5.—Carrying a message of friendship, goodwill and peace along the sixteenth century paths of Piazarro and his Spanish armies in their conquest of the Romantic Inca tribes, President-elect Herbert Hoover of the United States, reached Peru today to receive a welcome of sincere cordiality.

Escorted by the Peruvian cruiser Almarante Grau, the Maryland dropped anchor in the Callao roadstead early in the morning to be saluted by all the other craft in the harbor.

Receive Peruvian Minister

Mr. Hoover was awake and up before the Maryland came to anchor and preparations were quickly completed for receiving the Peruvian Foreign Minister on Board.

Despite the early hour a large crowd had collected on the harbor front when the Maryland came to anchor at 6:30 o'clock.

A national holiday had been declared and the city was filled with visitors.

The quay and most of the buildings throughout the city flew the Peruvian and United States flags.

Huge bouquets of flowers entwined with bunting in the colors of the United States and Peru reposed on the balconies on the fronts of the old fashioned Spanish styled houses.

Salute Is Fired

The government delegation which boarded the Maryland at her anchorage two miles off the shore was headed by Dr. Pedro Jose Rada Y. Gamio, president of the cabinet and foriegn minister. He shook hands with Mr. Hoover, Henry P. Fletcher and other officials of the good will party and expressed the welcome of the republic and the president.

A shore battery fired a salute of 21 guns and hundreds of ships in the harbor cut loose with their whistles and sirens as the launch left the Maryland to bear Mr. Hoover ashore after the formalities on the deck of the warship.

In addition to the Almirante Grau, which had accompanied the Maryland down the coast from Guayaquil Gulf, a sister cruiser, the Coronel Bolognesi, drew a beam of the giant American man of war as she moved into the harbor to her anchorage station.

The weather was cool and clear.

GIRL SCOUTS

ORGANIZING NEW TROOP.

A new Girl Scout troop is to be organized in the Third United Presbyterian church Thursday evening at 7 o'clock. This troop is to be a community troop.

Miss Mae Pugh, local director of Girl Scouts will be in charge. She will be assisted by Mrs. Ina Shields.

First Christian Boy Scout Troop 15 Meets Tuesday Evening

The First Christian Church Boy Scout Troop 15, on Tuesday evening, November 4th, held its regular meeting in the First Christian church. The meeting was opened at 7:30 p. m. by the usual ceremony. There was a large attendance. The meeting was in charge of Scoutmaster Sidney Smith and his assistants, George McCracken and Ron McCoy.

The patrols went into session at 8:30 p. m. in their regular corners, which are decorated by scout exhibits brought by the members of the patrols. The Pine Tree Patrol collected numerous toys for the poor children for Christmas. The Flying Eagle Patrol was organized under the direction of George McCracken. Bill Patton was elected patrol leader and Vance Gleen the assistant. This patrol will meet at the Y. M. C. A. Friday evening at 7:30. The Pine Tree Patrol will meet at Herby Rodgers home at 840 Franklin avenue, Friday, December 7, at 7:30 p. m. The boys will repair and paint the toys collected.

Troop 15 has chosen a very efficient team for the cooking contest in the out-door meet which consists of Elliott Francis, Vance Gleen, Herby Rodgers, Ralph Montgomery and John Phillips.

The troop carnival is progressing rapidly and the boys are practicing hard to make the following events a success: Wild west show, side show, candy, magic tricks, scouting exhibits and a moving picture show.

Assistant Scoutmaster Ron McCoy was elected troop treasurer.

The "Bugler", the troop newspaper, was given to the scouts. This edition consisted of eight pages which is the largest paper issued by the troop. Copies of this paper can be obtained at the scout carnival.

The scouts in the Indian ceremony of the carnival will practice on Wednesday, December 5, at 7:30 p. m., in the First Christian church.

The meeting was adjourned by Troop Bugler Howard Hart playing taps.

Troop 15 will hold its regular weekly meeting next Tuesday, December 11, at 7:30 p. m., at the First Christian church.

Scribe, Ralph Montgomery.

Rules Manual Given Approval

Shenango Presbytery Acts Favorably On Proposal Tuesday Afternoon

Approval of the revision of the manual concerning the rules and regulations of Presbytery as submitted by the committee, was an outstanding feature of the afternoon session of the meeting of Shenango Presbytery Tuesday in the First Presbyterian church of this city.

The committee for the revision of the manual was comprised of Rev. J. Greer Bingham of Wampum, Dr. S. A. Kirkbride of New Wilmington and Dr. C. B. Wingerd of this city, was appointed about a year ago.

With the approval of the manual an additional meeting of Presbytery is given, making five meetings a year instead of four as has been the case. The next meeting of Presbytery will take place in February.

Reports of the meeting of synod of the state of Pennsylvania held in Grove City in October was given by Rev. P. D. Burtt of Sharon and Elder John M. Hughes of the Unity church. Rev. J. A. King of Ellwood City, one of the other commissioners who was to have given a report also of the synod meeting, was unable to be present, having been in New York City yesterday.

Dinner was served at noon by the ladies of the church. Places were arranged for about 50. Dr. C. C. Green, superintendent of the city schools gave the address of welcome to the visiting representatives. The response was made by Rev. A. M. Stevenson of Ellwood City.

No Home Talent In Cathedral Circus

Every Performer And Animal Will Be Real, Declares Manager Peairs

With all plans for the Winter Circus and Frolic, which will take place at The Cathedral virtually completed, Herbert Peairs, manager of the Cathedral, and who has been booking the circus, announces that the show will contain absolutely no home talent, and that every performer is a noted artist, who, during the summer time, appears under canvas in one of the tent shows now playing in the United States.

"There will be absolutely no home talent in the production at The Cathedral," declares Mr. Peairs. "Every performer will be a performer of merit; the animals will be real animals; they will be real bears, real lions, real tigers and real wild cats. This statement is made to clear up some misunderstandings which have arisen in the minds of many people.

"As to the object of the show, I believe that it has been made sufficiently clear. But I might say again that the primary purpose of the performance, while it is to give entertainment to the people of New Castle and Lawrence county, is also to raise money so that the Cathedral association can be better funded.

"The Schultz Excel Animal circus is one of the best of its sort. This week it is playing at Motor Square Garden, Pittsburgh. Next week it will be in New Castle."

Gladys Erwin of 213 Milton street, (Miss Protected Home Circle) is now leading the popularity contest which is being sponsored by the Cathedral association in connection with the circus and frolic. She is followed by Miss Rainbow (Ruth McComb), Miss Independence (Ann Lyden), Miss New Castle (Elizabeth Ciampole) and Miss Builders (Ruth Calahan).

True Bills Found By Grand Jury In Nearly All Cases

Additional Returns Are Made On Bills Presented By District Attorney

Additional returns were made by the grand jury this morning. True bills were returned as follows:

Katherine Klee, possessing intoxicating liquor.

Status Of New Castle On Five-Year Building Program Is Unchanged

By ARTHUR C. WIMER
Special Washington News Correspondent

WASHINGTON, D. C., Dec. 5.—The status of New Castle in the federal five-year building program remains unchanged. According to the schedule drawn up by the Treasury Department, the matter of providing a post office addition for the city will be cared for by the joint building committee of the post office and treasury departments in 1930.

The report of the survey as conducted by the representatives of the committee prior to the drawing up of the building program by the committee recommends that 7,423 additional square feet of floor space be made available for post office use in New Castle. Such an addition could be made with the expenditure of $355,000, according to an estimate made by the Treasury Department.

The workroom space in the New Castle office is very unsatisfactory, the receipt and dispatch of mail being handled on the first floor, mezzaine and in the basement, the report states.

When this additional space is made available to the New Castle office, an annual rental of $1,340 now paid for the rental of the necessary additional space will be saved, according to the report.

Girl Asserts She Was Sold For $200

Wants Marriage Annulled As She Failed To Understand Ceremony

UNIONTOWN, Pa., Dec. 5.—Sold into matrimony with Anton Tropa of Pleasant Unity, for $200 by her aunt, Mary Orbarbic Tropa of Uniontown, today asked for annulment of her marriage. The girl claims that two months after she arrived in this country her aunt told her that she was to be married and that her husband-elect was to pay $200.

Accompanied by Tropa and a strange man, the girl says she was taken to the courthouse in Uniontown and went through the wedding ceremony without any knowledge of what it was all about. She said she answered the questions through an interpreter, and didn't know that she was being married until Tropa told her she was his, and she was to live with him. Mary stated in her petition that she positively refused to live with Tropa and asks the court to annul the marriage.

Mothers Circle To Meet Friday

The Mothers' Circle of the Rose avenue kindergarten will meet Friday afternoon at 2:30 in the kindergarten room of the school.

Following a brief business meeting, a talk will be given by Mrs. G. M. Landis.

The accustomed is sanctified, and the modern youth with a varnished top smiles at the frontier beau who used bear grease to make his hair slick.

Life carefully planned

ASK any of the boys who've made good and they'll tell you it didn't just happen by a lucky break. Their success was the result of careful planning. Hard work. Night school, perhaps. And above all, always attending strictly to this important matter of health.

"I had no time for outdoor exercise," is the story you'll hear. "I couldn't afford one of those gymnasium courses. But I figured I could keep myself in good shape by taking Nujol. I've taken it ever since. And it's helped as much as anything to keep me fit and on the job every day."

There's no easier way to keep in first rate condition than by taking Nujol. Nujol is not a medicine. It's just a pure, natural substance that helps your system to function as Nature meant it to under all conditions. Normally. Regularly. Easily.

It not only keeps an excess of body poisons from forming (we all have them), but aids in their removal. Nujol can't possibly upset or disagree with you, because it contains absolutely no medicine or drugs. It is simply a pure *natural* substance. Perfected by the Nujol Laboratories, 26 Broadway, New York.

Start Nujol today. Give it a fair try—for the next three months, anyway. By the end of that time—even before then perhaps—see if you don't feel much more all 'round fit.

You can buy Nujol at all drugstores for a small sum. Worth trying, isn't it? Nujol is sold in sealed packages only. Stop and buy a bottle on your way home tonight.

Zoning Board Hears Appeals

Two Are Granted And One Is Refused At Meeting Tuesday

Board of zoning appeals at its session held Tuesday afternoon in the city council chamber acted on three appeals taken from decisions of the city engineering department since its November session.

The first of the cases heard was that of Joseph Lepore, 10-12 East Madison avenue, which had been held over from the November meeting.

It was the case of where Mr. Lepore, who had erected storerooms at the address mentioned, desired a certificate of occupancy in order that he might establish an automobile repair shop in the rear of the storerooms and on an alley, in a secondary business district. This was refused in the first instance as a non-conforming use.

There was no objection presented at the meeting and the board granted the desired permission, subject to the proviso that there would be no wrecking of automobiles on the premises.

The second case heard was that of Fred E. Woods, 312 Garfield avenue, who was refused permission to construct an addition to his automobile repair establishment at that place because of it being a use not conforming to a residence district.

Attorney Orville Brown was present in the interests of property owners of the vicinity, who opposed such an extension of the garage repair shop. The board refused permission, upholding the decision of the engineering department.

The third case was that of R. E. O'Donnell in behalf of employes of the Pennsylvania railroad to construct a garage close to the street property line at 306 South Liberty street, where these employes might store their cars while on duty. The permit was refused in the first instance because of the fact that the proposed building line would not conform with the zoning regulations.

No opposition was offered by people affected and the board granted permission to construct the proposed garage if it was brought no closer to the property line than 12 feet, which would maintain the building line of the street. This was agreeable to those concerned. The garage will front 110 feet on South Liberty street and will be 18 feet in depth.

Mrs. H. M. Kirk's Nephew Dies In New York Hotel

Richard M. Raney, 21, Formerly Of This City Passes Away Tuesday Morning

Mrs. Howard M. Kirk of 403 Moody avenue, received word Tuesday of the death of her nephew, Richard Mahon Raney, son of Mr. and Mrs. Lee M. Raney of Westport, Conn., former residents of this city, which occurred early Tuesday morning at the Roosevelt hotel of New York City.

Details of how the young man met his death were not stated in the message.

Mr. Raney was born in New Castle 21 years ago. He removed with his parents to Connecticut, a number of years ago.

DRINK WATER IF BACK OR KIDNEYS HURT

Begin Taking Salts If You Feel Backachy Or Have Bladder Weakness

Too much rich food forms acids which excite and overwork the kidneys in their efforts to filter it from the system. Flush the kidneys occasionally to relieve them like you relieve the bowels, removing acids, waste and poison, else you may feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, the stomach sours, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, the channels often get irritated, obliging one to get up two or three times during the night.

To help neutralize these irritating acids and flush off the body's urinous waste, begin drinking water. Also get about four ounces of Jad Salts from any pharmacy, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine and bladder disorders disappear.

This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive and makes a delightful effervescent lithia-water drink which millions of men and women take now and then to help prevent serious kidney and bladder disorders. By all means, drink lots of good water every day.

Miner Is Sued For Heart Balm

Wife Takes Poison On Being Informed Of Husband's Conduct

BUTLER, Pa., Dec. 5.—In an action filed in the Butler court today Stephen Snyder, a miner living out the Herman road from Butler, is sued by Joseph A. Taylor of Butler for $10,000. Snyder is charged with alienating the effections of Mrs. Minnie Taylor, wife of the plaintiff.

Mrs. Stephen Snyder, wife of the defendant, is being treated in the Butler hospital following the taking of poison, according to the statement of a Butler physician. Her condition is said to be serious. Her action Saturday is said to have followed information that her husband was paying attention to Mrs. Taylor.

In the damage petition Taylor sets forth that he was married September 2, 1925, in Mercer county, and that he and his wife got along well until she became acquainted with Snyder, sometime last August.

Taylor declares that his wife has become querrelsome and inattentive to her domestic duties, and that she has expressed her dislike for him, all due, he charges, to the influence of Snyder over her.

Probe Activities Of "Pow-Wowers"

State Medical Men Visit York To Investigate Alleged "Hexing"

(International News Service)

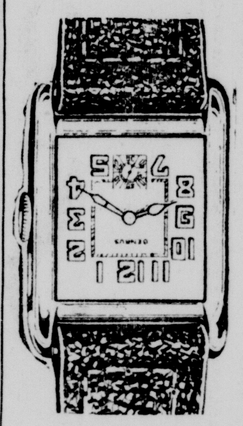

YORK, Pa., Dec. 5.—Representatives of the state board of medical education and licensure were here today investigating the activities of alleged "pow-wow" doctors as an outgrowth of disclosures made when Nelson Rehmeyer, a recluse of near here, was slain a week ago for "casting a spell".

This afternoon John Blymire, 32; John Curry, 14, and Wilbert Hess, 17, held in connection with Rehmeyer's death, will be given a preliminary hearing on charges of murder. They were said by police to have confessed slaying the recluse when he refused to allow them to clip a lock of his hair so that it could be "buried eight feet under ground" to "break the spell" he had cast over Hess.

IN WHOSE HONOR?

Two members of the University of California crew which won a boat race at the Olympic games arrived home recently. Schools were given a half holiday and business men closed their shops to celebrate. All this moved one of the university professors to say in a speech at the Lion's club that it was not so much an honor to two athletes as it was general acclaim to the great god Athletics. He said:

"If Gilbert Lewis, of the chemistry department, made some great discovery that changed the thought of the world, would the people turn out to welcome him? Would the business houses and schools declare a holiday? They would not.

"If Dr. Millikan, discoverer of the cosmic ray, a truly wonderful feat, paid a visit to Berkeley, would he be given the welcome that these oar-pullers were accorded? Of course not. We would hardly be noticed."

There is much to think about in what the professor says. Games have a place. Boys and men who play them often do well by themselves and furnish entertainment for others. But our praise gets out of proportion. We lack the sense of discrimination.

more to go. Very encouraging to know we have so much time ahead.

The east and middle west begin to believe there must be power, or inspiration, or something in the western air. Stanford university, from northern California, beats the Army football team. And the University of Southern California beats the powerful team of Notre Dame.

The west starts a game believing that it must win "just naturally," and that helps.

Bootlegging is profitable, Philadelphia investigators find, in various banks, mysterious bootleg deposits running up to $13,000,000. It is suggested that higher pay may cut down graft among those that get bootleggers' bribes.

That is folly. Twenty-five dollars a week more pay will not offset bootleg profits of $50,000 a year.

Tariff Revision Upward Necessary Believes Swick

By ARTHUR C. WIMER
Special Washington News Correspondent

WASHINGTON, D. C., Dec. 5.—Tariff revision upward is absolutely essential to the welfare of Pennsylvania industries, Representative J. Howard Swick of Beaver Falls believes. Congressman Swick let it be known upon his return to Washington that he will work for such revision during the present session of Congress.

Mr. Swick believes that such tariff revision, along with farm relief and the other matters up for legislation, can be cared for in the short session. He points out that for the past several weeks the various committees of Congress have been working on pending legislative matters, and expresses the belief that there will be no protracted debate on any of the issues.

If tariff revision cannot be affected in the short session, however, Congressman Swick favors the calling of a special session of Congress by President-Elect Herbert Hoover. The congressman states that he plans to co-operate with Senator David A. Reed and other members of the Pennsylvania delegation in this demand for increased tariffs on imported commodities which compete on the American market with finished products coming from Pennsylvania factories.

Gardner Examines Police Accounts

(International News Service)

PITTSBURGH, Dec. 5.—District Attorney Samuel H. Gardner was to go before the special graft probing grand jury today and make a final examination of police bank accounts out of which it will be decided what police commanders are to face the jury tomorrow to explain the astonishing accounts in police names.

Gardner had hoped to get the police officials before the jurors today, but found it a heavier task than he had anticipated to check the involved bank accounts and other evidence which will be written in the jury's presentment next week.

MAN AND WIFE ARE WELL AGAIN PRAISE KONJOLA

Another Happy Case Of A Home Made Happy By Modern Medicine—All Treatments Had Failed.

MR. AND MRS. E. M. GREEN
Photo By Seavy's Studio, East Washington Street

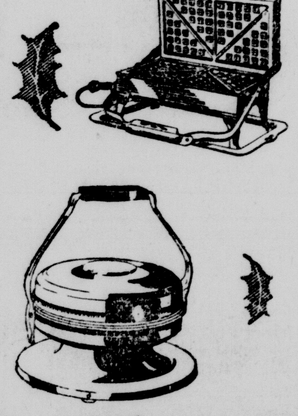

Homes without number, wherever Konjola, the new medicine, is known, have been made scenes of happiness and health instead of pain and suffering. In cases by the hundreds man and wife, one profiting by the experience of the other, have found in Konjola the health they sought so long in vain.

Day by day this modern compound of 32 ingredients adds to its fame by its victories over diseases that has baffled all other medicines and treatments. Day by day happy men and women write to tell the glad news of what Konjola has done for them. On such success is the fame of Konjola founded. This is not a medicine planned to give mere temporary relief, but to restore new and abundant health. Picture, if you can the happiness that reigns now in the home of Mr. and Mrs. E. M. Green, R. F. D. No. 3, Volant, near New Castle, since both have been freed from the shackles of suffering. Writing of their splendid experience with this master medicine, Mr. Green says:

"What a boon Konjola has been to our home! For years I suffered with stomach trouble that not only caused me great misery, but undermined my health generally. I did not know what it was to have an appetite nor to relish food. I ate as little as I could—just enough to keep me alive—for after every meal came suffering. The food was not digested, and gas formed, causing bloating, abdominal pains and heart palpitation. I tried everything for the stomach that was recommended, but grew constantly worse. The decision to give this new Konjola a trial came after I read numerous endorsements in the paper, and I am well and happy today because I made this decision. Konjola, just two bottles of it, relieved me completely. Within two weeks I was always hungry, and my stomach digested everything I ate. Since that time my strength and weight have increased, and every day I am stronger.

Cases like these—thousands of them—make up the splendid history of this master compound. It means much to all who suffer to know that in four months more than a million bottles of Konjola have been sold. There must be a reason. There is—and that is this: Konjola makes good.

Konjola is sold in New Castle at the Love & Megown drug store, and by all best druggists in this vicinity.

Cruel Methods Are No Longer Used By Trainers Of Beasts

Old Lion Trainer Cites Some Of Methods Used Years Ago With Beasts

In the good old days, when animals were cheap and trainers were cheaper, the training of wild animals for exhibition work was very different than it is today, is the opinion of William Schultz, who will appear with his lions as a part of the Winter Circus and Frolic which is to take place at The Cathedral the week of December 10.

In those days animals were ruled by fear, the trainer says, and the more brutally a trainer handled animals in the steel arena, the better the audience liked the act. Cage conditions were bad for the beasts, there was practically no care for their infirmities, and little thought was given to anything but their ability to be fierce in the training den.

Red fire was used at the finish of the act, filling the arena and the house with smoke and creating an atmosphere of excitement. Guns were fired, attendants beat upon Chinese gongs, presumably to excite the beasts, and a smoking brazier and its red-hot irons was a fixture beside the arena.

These irons were not used, as the audience thought, to fend off murderous beasts, but to force them from their pedestals and to their work! Trainers in those days did not know how to feed the animals to give them the proper energy; and there was no incentive for the beasts to work, anyway. All they got for their efforts were incessant cuttings from long bull whips, or blows from lead loaded butt-ends; every beast in an animal act was usually bleeding when it came out of the arena.

The red fire, the use of gongs and noise-makers, of hot irons and the firing of guns, the fear that was in every lion's heart, made them undependable, treacherous and often unmanageable. The audience wanted to see conflict, to see the trainer get clawed up, and often it got what it desired. When it didn't the management supplied the demand when the act finished.

Often the trainer would shriek as if he had been hurt, and then his assistants would rush to the bars with red-hot irons to force the animals to the chutes. The trainer would spatter himself with beef blood and then stagger from the arena for the audience to gaze upon him. Men would rush up with canvas, load him in and presumably carry him off to a hospital. The next day the press agent of the show would make his rounds of the newspaper offices with the announcement that the next day a new and more daring trainer would take the arena.

Mr. Schultz is one of the best known animal trainers in the United States and has accomplished more in the training of his lions, tigers, horses, ponies, mules and sheep, through kindness, than any of the earlier trainers did through their brutal methods.

Would Eliminate All Toll Bridges

Chief Of Bureau Of Public Roads Suggests Action In Pennsylvania

(Special To The News)

WASHINGTON, D. C., Dec. 5.—There is no place on the public highways of Pennsylvania today for the privately-owned toll bridge, according to Thomas H. MacDonald, chief of the bureau of public roads. Mr. MacDonald believes that all such toll bridges would be eliminated and will request the coming congress to enact legislation making possible government acquisition of such bridges.

"It is a field from which the shoestring promoter should be excluded, and he will be if a thorough investigation is made," Mr. MacDonald declared.

There are 18 privately owned and operated toll bridges in Pennsylvania, more than in any other state of the union, according to a report made by Mr. MacDonald to the house of representatives. In addition to the privately owned toll bridges, there is one publicly owned toll bridge in the Keystone state.

ALWAYS DEAD TIRED?

How sad! Sallow complexion, coated tongue, poor appetite, bad breath, pimply skin and always tired. What's wrong? You are poisoned. The bowels are clogged and liver inactive. Take this famous prescription used constantly in place of calomel by men and women for 20 years—Dr. Edwards' Olive Tablets. They are harmless yet very effective. A compound of vegetable ingredients and olive oil. They act easily upon the bowels, free the system of poison caused by faulty elimination and tone up liver.

Election Officers May Get Pay From County Treasuries

Salary Survey Commission To Recommend Change To Coming Assembly

PHILADELPHIA, Dec. 5.—Pay of all election officials will be fixed by the various counties of the state instead of by the legislature, if the coming general assembly follows a recommendation to be made by the Pennsylvania Salary Survey Commission created by the last general assembly to study the salaries of all public employes.

A bill has been prepared, listing the employes whose pay would be established by proposed county salary boards, and among them are "All election officers and their clerks, all assessors for taxation and election purposes, all registrars for the personal registration of electors in cities of the third class, and all registrars, solicitors, attorneys, clerks, experts, employes, and appointees of the personal registration commission in cities of the second class and second class A, whose salaries or compensation are paid out of the county treasury from county funds."

Brown University Student Suicides

(International News Service)

PROVIDENCE, R. I., Dec. 5.—George F. Raymond, 21, of Olivet, Mich., graduate student at Brown University, was found dead in his room Tuesday, apparently a suicide, police said. Raymond was found on the floor next to a gas heater with an overcoat covering both his head and the heater, and the gas was turned on.

The discovery was made by MacDonald Fulton, Raymond's roommate, in their rooms here. No notes were found. Raymond was a graduate of a Michigan college and was taking a graduate course at Brown, specializing in chemistry.

UNIQUE MINE NEAR PITTSBURGH

Only Mine In World Owned And Operated By Governmental Bureau

(Special To The News)

WASHINGTON, D. C., Dec. 5. — The only mine in the world owned by a governmental bureau and operated for the sole purpose of conducting scientific investigations is the coal mine near Pittsburgh owned by the bureau of mines of the department of commerce, the director of the bureau, Scott Turner, states in his annual report to the commerce secretary.

During the past year, the bureau conducted experiments in the mine to determine the explosibility of various coal dusts and the efficacy of varying various percentages of different stone dusts in checking such explosions, the director states.

As nearly one half of the fatal explosions in mines are due to falls of the mine roofs and coal, methods of reducing the number of deaths from this cause were also studied, according to the report.

Known Dead In Chilean Quake Placed At 250

Report Shows 250 Dead And 600 Injured By Falling Debris In Chilean Towns

(International News Service)

WASHINGTON, Dec. 5.—There are 250 known dead and 600 injured in the Chilean earthquake, the Chilean government Tuesday advised its embassy here.

The towns of Talca and Constitucion were almost entirely destroyed, while nearby towns suffered heavy damage.

Communication and transportation systems in the devastated area have been restored. The government has appropriated 2,000,000 pesos for relief work.

The stricken towns will be rebuilt with reinforced concrete. More than 5,000 persons have been employed to do the work.

College Yearbook Gets High Rating

Westminster Annual Is Rated As All-American By Big Organization

(Special To The News)

NEW WILMINGTON, Pa., Dec. 5.—All-American rating, the highest possible to secure, was the mark of distinction placed upon the class of 1929 Argo, college yearbook, at Westminster by the National Scholastic Press Association at the University of Minnesota. Out of 1000 points possible, the Westminster yearbook scored 899.

The contest is nation-wide, ratings being given as All-American, first class honor, second class honor, and honor. The distinction of being one of seven yearbooks from colleges of 500 students to be in the All-American group is a credit to James McQuiston, editor, and his staff of associates.

In scoring the college annuals, the basis is not one of comparison with other publications, but rather a comparison with a mythical annual which would score perfectly. A total of 899 points out of a possible 1,000, therefore, is excellent.

For scoring purposes the annual is divided into nine divisions. In three of these divisions: Album and classes, organizations and business management, the Argo scored perfectly. In the portrayal of school life, it lacked 12 points of a perfect score, and in the administration section missed perfection by 10 points. Under the plan and theme of the book, full credit was given for opening section, choice and development of theme, and divisional pages. Under the section devoted to mechanical consideration, which includes typography, press work, engraving and photography, five points only were lost.

For Sore Throat Sore throat is often serious. Do not ignore it. Take *Tonsiline* at once. It is made especially for sore throat—nothing else. Always dependable. At druggists, 35c and 60c. Hospital size $1.00.

Poor School Light Injures Eyesight

Many Buildings Need Sunshine And Direct Light, Says Appel

HARRISBURG, Dec. 5—Medical inspection reports reaching the school division of the state bureau of child health show that the number of visual defects among the children run high in school buildings whose percentage of light area is low.

According to a report submitted to Secretary of Health Theodore B. Appel today, approximately 250 poorly-lighted small school houses have been remodeled in the past two years at the instigation of the state health department to cure this hazard to the eyes of young scholars.

"Many buildings yet remain sorely in need of more sunshine and direct light," the report said. "With a tendency to consolidate country schools and to improve the physical deficiencies in the one-room school house the hazard to the eyes of school children is gradually becoming lessened."

Rothstein Revealed As Narcotic "Czar"

(International News Service)

NEW YORK, Dec. 5.—Arnold Rothstein, slain underworld gambler, was revealed Tuesday by Assistant U. S. Attorney John M. Blake as the czar of an [illegible] Island girl directly linked Rothstein with a criminal syndicate trafficking in heroin and opium, whose tentacles reached into every American city of importance, Blake said. Evidence has been obtained which is expected to bring about wholesale arrests in connection with the "dope trust".

Rothstein lieutenants in the ring were Frankie Yale, Tony Mariono and Edward Jerge, like Rothstein murder victims of underworld venom, it was said.

Change Terra Cotta At Senior High

Workmen are now engaged in changing the terra cotta on the facade in front of the senior high school building.

The terra cotta is hard baked pottery and white in color. The old terra cota was ready to crack so it was decided to change it. If it had been allowed to remain it would probably crack and on falling cause an accident to students going and coming from school. The work is expected to be finished in a few days.

May Increase Pay Of State's Judges

Salary Commission Will Recommend Graduated Scale To Next Legislature

PHILADELPHIA, Dec. 5.—Final action on a proposed bill revising salaries of judges of all Pennsylvania courts will be taken at a meeting here today of the Pennsylvania Salary Survey commission created by the last general assembly to study the entire structure of pay of public employes and officials throughout the state.

Following its last meeting in Pittsburgh, members of the commission began to study a tentative proposal drawn up as a result of the various hearings. Outstanding in these proposals was the suggestion that salaries be graded on service. After setting a basic rate of pay, this proposal set up an automatic increase from five year periods until a maximum would be reached after fifteen years service. It was suggested that 10 per cent be added to the base rate pay after five years service, 15 per cent after 10 years, and 20 per cent after 15 years, when it would remain stationary.

At the last session of the general assembly a bill for a salary increase to judges dies because of the opposition of Governor Fisher. The attitude of the governor to suggestions as have been made to the commission have not been made public.

Attempt Made To Murder Gangster

(International News Service)

ST. PAUL, Minn., Dec. 5.—An attempt to kill Danny Hogan, underworld leader, here Tuesday is believed by police to indicate the flaring up of an underworld feud involving local habitues and the Roy Rogers' gang of Minneapolis.

Hogan, gang leader and restaurant owner, is near death in a hospital from injuries suffered when in pressing his foot on the starter of his automobile he set off a plant of explosives concealed in the car.

St. Louis Bank Is Robbed Of $1,500

(International News Service)

ST. LOUIS, Dec. 5.—The Midland Savings bank here, which opened for business Saturday, was held up and robbed of $1,500 Tuesday by two armed bandits who escaped in an automobile.

The men entered with drawn revolvers and took the money from the cage of the cashier, Peter Meyerseeh of Clayton, Md.

L. G. Dowling, president of the bank, followed the robbers outside of the bank and emptied both barrels of a riot gun at their car as it sped away. Then he and a customer gave chase in an automobile.

In old England it was believed that cattle had the gift of language on Christmas eve.

Hundred Fifty To Make Survey

Plan Moving Ahead For Visitation Evangelistic Campaign

A very important meeting of the Kernahan Evangelistic Campaign committee was held yesterday at four o'clock in the parlor of the Y. M. C. A. The chairman, Dr. S. E. Irvine, presided and Rev. G. M. Landis served as secretary.

Dr. H. C. Weaver reported as chairman of the finance committee and Dr. Chas. B. Wingerd for the work of publicity. Rev. P. C. Pearson who has been a very active member of the committee will oversee the work of transportation. The most important task for present is the taking of the survey. Rev. S. B. Copeland will have charge.

One hundred and fifty workers, volunteering from all the churches will make this survey. They will receive instructions Sunday afternoon, Dec. 16th at a meeting in the First Presbyterian church.

Cottage or parlor prayer meetings are to be held all over the city in the next wto weeks. There are to be union prayer services under the direction of Dr. A. J. Randles, Rev. J. L. Petrie and Rev. Oscar Woods.

Daniel Leasure Auxiliary Names Officers For Year

Mrs. Edward Carr Is Named As President For Coming Year

At the regular meeting of the auxiliary to Daniel Leasure Camp, United Spanish-American War Veterans, held last night in the Legion Home, officers were selected to serve during the ensuing year.

As president the organization selected Mrs. Edward Carr. Her advancement to this position comes in recognition of years of excellent work in behalf of the organization.

Other officers elected were as follows: senior vice president, Mrs. Edna Vaughn; junior vice president, Mrs. Harry Lash; chaplain, Miss Dorothy Fulton; first conductress, Mrs. John Tyler; second conductress, Mrs. H. C. Stockman; patriotic instructor, Mrs. Perry Flansberg; inside guard, Mrs. Isabelle Knowles; outside guard, Mrs. Whittaker.

The meeting was very well attended and following the election of officers the matter of the annual Christmas party was taken up. It will be held on the evening of December 18 in the Legion Home and it is planned to make it the biggest and best event of the kind ever held.

It will be for all Spanish-American War veterans, their wives and families. A tureen dinner will be served at 6:30 o'clock and the evening will be spent in a pleasant social manner.

The committee in charge consists of Mrs. Ida Suber, general chairlady; dinner committee, Mrs. Harry Lash, chairlady, Mrs. Perry Flansberg, Mrs. Edna Vaughn, Mrs. J. Kallstein, Mrs. Whittaker and Mrs. Howard Magill; entertainment committee, Miss Dorothy Fulton, chairlady, Mrs. Orville VonHorn and Mrs. Reese Lewis.

At the close of the meeting lunch was served by the men of Daniel Leasure Camp and was thoroughly enjoyed by all those in attendance.

Wampum Prepares For Ceremonies

Viaduct Opening To Take Place In Near Future

Lawrence county's newest bridge, the Wampum viaduct, is ready for opening. The concrete in the approaches and cartway has set, the finishing touches of paint are on, and all that remains now is to hold the formal opening.

Just what form the opening celebration will take has not yet been definitely decided. It is probable that the Boro of Wampum will spread itself considerably for the occasion for it will mark the opening of a span that does away with the danger of grade crossings in this vicinity.

A committee of Wampum citizens is engaged in the preparation of the plans for the celebration and the indications are that it will consist of a banquet, a parade, and a few speeches on the viaduct as the span is opened to traffic.

Small Fire Does But Little Damage

China Closet Burns At Home Of R. D. Fulkerson On Denver Avenue

Fire, originating in a china closet next to the chimney of the home of R. D. Fulkerson, 522 Denver avenue, did damage approximated at $25 a few minutes after midnight this morning. Company No. 5 and the service truck from the Central fire department answered the alarm, which came from box 59.

The fire was extinguished a short time after the companies arrived. As the house is situated some distance from the street, chemicals had to be carried some 300 feet to the house, reports Assistant Fire Chief H. C. Stockman. Both trucks were back in service at 12:40 this morning.

It doesn't always pay to concentrate. Pay one man for a postoffice, and that's wicked; scatter your money to get another office and that's politics.

IT'S CHRISTMAS TIME AT FISHER BROS.

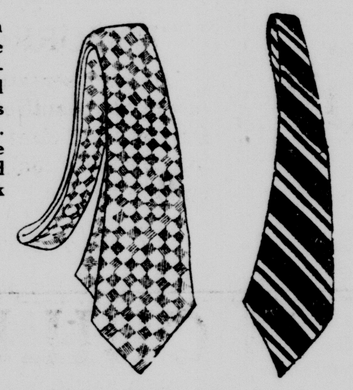

It's Christmas Time at Fisher Brothers. Inside and outside, on the counters and in the cases—we are ready. Ready with gifts. Men's gifts that are a tribute to a woman's taste. Women's gifts that men like to give. An assortment of boys gifts that has no equal in New Castle. The Christmas gifts of 1928 must be useful and beautiful at one and the same time. So much the better, too, if they are wearable. For thus they rest, as do your hopes and wishes, in close proximity to those to whom you give. Silk Stockings are an admirable choice for the Daughters of Eve. The woman does not live who ever had enough silk stockings. As for the Sons of Adam this is his store where you will find hundreds of gifts for the most difficult of male.

IT'S EASY TO CHRISTMAS SHOP AT FISHER BROS..

It's Easy to Christmas Shop at Fisher Brothers .... for aisles are wide and uncrowded, and merchandise is displayed within the reach of all—offering an open invitation to that womenly instinct of "Let me see that, please." Come wander through our store in leisure—you will find just that gift for him, or her, or sonny, or brother, or somebody elses brother. Fisher Brothers gift windows are now ready. It will help you to see them.

Certainly you can give a man neckwear! Just be sure it is labeled Fisher Brothers and you know he will wear it — for he buys his ties here the year around. Bright and conservative stripes, checks, plain, and modernistic effect. All Silk Ties are priced at $1.

And the man of tomorrow will be pleased to wear these all wool tweed lumberjacks to school, prep school, or the University. Sizes 6 to 18 years in a host of patterns. One priced at $1.95. Others at $2.95 and $3.95.

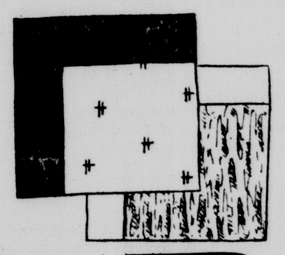

A snug leather coat for the active man is one thing you can be reasonably certain he does not have .... for these are very new. Priced at $10 to $25. Corduroy coats at $9.95 to $12.50. Sheepskin lined coats are $7.95. Main Floor.

For the highly sophisticated male a scarf is the gift. Eagle crepe de chines in tiny plain patterns are priced at $1.95. The new individual patterned "Hand Paints" are $2.95 and the big heavy square are $3.95. Fisher Brothers. Main Floor.

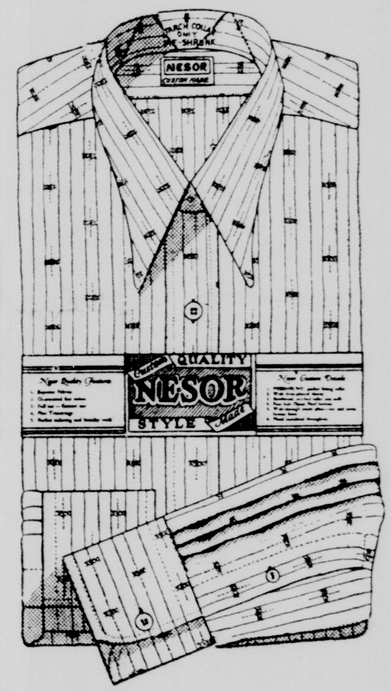

Boys all leather aviators coats are priced as low as $9.95. The Sheepskin lined coats with fur collars are $5.95 and $7.95.

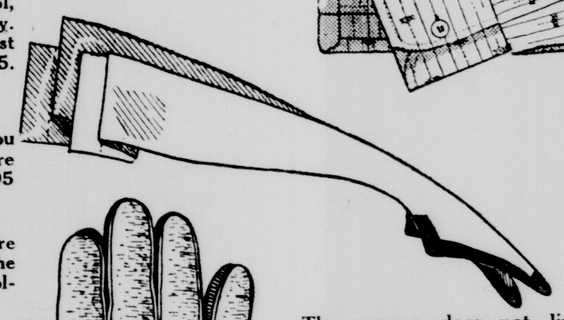

But the coats for boys who will be boys are made of leatherette. They are tough and they are not too expensive for school and every day wear. Priced at $7.95. Boys' Store.

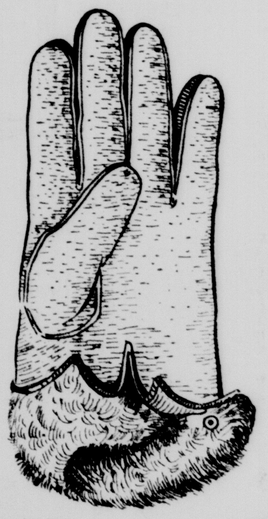

A Gentlemen's wardrobe always has room for a few more shirts, and it is likely that he hasn't any like these. For they are customed tailored with the new stiff laundered attached collars and in exclusive patterns. Priced at $1.95.

These "Violet" Radium Silk Shirts are the last word in luxury. They are the sort men appreciate most and seldom buy themselves. These are pure white in collar attached style — tailored supurbly to careful detail. They are exceptionally low in price at $5.00. Main Floor.

The woman does not live that has enough silk stockings. This mans store is the most famous ladies hosiery shop in New Castle. Women are keen shoppers and there is a definite reason why they prefer our "SPECIAL" brand to others. Priced at $1.29. Or if you wish Kayser stockings at $1.50 and $1.95. Second Floor.

Father will approve and applaud a pair of these warm full furlined capeskin gloves .... but these gloves have also become an accessory to the roadster. Genuine Piccary Pigskins, Arabian Mochas, deer, and capeskins too. Packed in gift boxes. Main Floor.

Man Is Drowned In River Lock

Wrestling Match On Bank Of Monongahela River Ends Fatally

(International News Service)

PITTSBURGH, Dec. 5.—An impromptu wrestling match on the Monongahela river bank at Lock No. 1, ended fatally today for one of five men. Frank Elrick, 21, lost his hold on a fellow companion, plunged into the lock channel and disappeared before his friends realized what had happened.

Police are holding John Forlen, 21, James Broelerick, 22, James Whalen, 24, and James Schrier. The five men, authorities stated, had been on a drinking party and en route home in Elrick's automobile decided on a wrestling match on the lawn of the lockeeper's residence.

When police arrived they found Forlen, partly clothed, diving into the water in search of his friend. Shortly after Elrick disappeared a boat passed through the lock.

Refractories Co. Will Take Part

Word has been received from Chicago that the New Castle Refractories Co., of New Castle, will be one of a large group of manufacturers identified with the ceramic industry which will take part in the first American Ceramic Exposition in Chicago in February. This exposition will be held on the week of February 4-9 at the same time the nation-wide American Ceramic Week will be held.

While the ceramic industry is reckoned as the oldest in the world, bits of pottery known to be more than 7,000 years old vying with brick that is older in our museums, this is the first time that the industry in America has ever held a "week" or a national exposition.

An old superstition says that it is lucky to be born on Christmas day.

Veterans Bureau Settling Claims

Over 1,200 Claims Have Been Settled Already, States Dempsey

Pat J. Dempsey, executive secretary of the Lawrence county chapter of the American Red Cross, who was in Washington, D. C., recently on Red Cross business, states that he learned that 7,576 claims for retirement under the emergency officers' retirement act have been received by the Veterans' bureau in the capital city. Of these, 1,213 have been settled, 708 officers have retired with pay, 40 retiring without pay and claims were disallowed in 465 cases.

According to Mr. Dempsey, Director Frank T. Hines of the Veterans' bureau says that disabled officers were evidently under a misunderstanding that if their names appeared in a recent list of disabled officers, printed in the Congressional Record, they were entitled to relief under the act. The list in the Record, General Hines explained, contained the names of all former officers then rated by the bureau as 30 per cent disabled, irrespective of the provisions of the law under which their disabilities were connected with service.

Because an officer's name appeared on this list does not necessarily mean he would get relief under the new law, it was said. The emergency officers' retirement act limited its benefits to those officers having a disability resulting directly from service and incurred in the line of duty. The act excludes those men whose disabilities are presumptively connected under the provisions of the World war veterans' act and the war risk insurance act.

Lighting Forces Meet In New Castle And Organize For Year

New officers were elected and an interesting discussion of decorative Christmas lighting was held by the Lumen club, comprising the lighting forces from all sections of the Penn-Ohio System at the December meeting held Monday evening in the Pennsylvania Power company's new office building at New Castle.

The officers elected for the coming year are: President, Glen Harding of Salem, O.; vice president, Howard Sutton of Youngstown; secretary, Elmer Tintsman of New Castle. Ralph Crump was named as chairman of the program committee.

The special feature of the evening was an illustrated talk on Christmas decorative lighting by C. E. Eglar, lighting expert of Nela Park, Cleveland. Mr. Elger told of the start and rapid growth of this new Yuletide custom of exterior electric lighting as a means of greeting friends and of sharing the joys of the Christmas season with all who pass. By slides and descriptions he gave the lighting men present many helpful ideas for outdoor decorations.

Says It Relieved Her After Thirty Year's Suffering

Elderly Lady Declares Ten Herbs Did Her World Of Good.

Many reports are being received, telling how Ten Herbs is helping local men and women of all ages back to health, says the Ten Herbs Man, who is at Eckerd's of New Castle, Inc., 30 East Washington Street, New Castle, where he is daily demonstrating this

MRS. O. N. COOPER

famous herbal compound. In many cases Ten Herbs seems to have a cleansing, soothing, correcting action on the whole system, often assisting Nature in such a manner that the user soon feels better in every way and is eventually so greatly benefited that he is willing to publicly endorse this medicine.

"I can honestly say that Ten Herbs has done me a world of good," was the recent statement of Mrs. O. N. Cooper, 200 Columbia Ave., Butler, according to the Ten Herbs Man. "I had been troubled with indigestion for thirty years," continued Mrs. Cooper, who is 72 years of age. "I could eat scarcely anything, because of the distress that would follow. I was troubled with gas and bloating, and sometimes could hardly get my breath. Food did not give me proper strength. I was almost a nervous wreck—the slightest noise made me tremble.

"A friend mentioned Ten Herbs to me, and I started using it. I have used several bottles and have been greatly relieved. I can eat things that I could not formerly eat. My children were very much amazed and pleased to see me eating potatoes, which I had not been able to eat for years. I am pleased to recommend Ten Herbs to the public."

Many local people have stated that Ten Herbs assisted them to overcome such ailments as indigestion, billousness, nervousness, headaches, constipation, pains and aches in the back, rheumatism, neuritis, or a weak-run-down feeling.

The Ten Herbs Man is at Eckerd's of New Castle, Inc., 30 East Washington Street, New Castle, where he is daily meeting the public and explaining the merits of this medicine.

Soap Powder Fatal To Little Child

BEAVER FALLS, Pa., Dec. 5. — Eating soap powder caused the death of Thomas, 18 months, son of Charles Roser, West Mayfield, reports Coroner Harry C. McCarter. The child was visiting at the home of his grandparents, Mr. and Mrs. Thomas Roser, College Hill, and while the grandmother was preparing the washing the child ate part of the contents of a box of soap powder.

Bright Christmas In Store For Monongahela Valley Is Forecasted

(International News Service)

CHARLEROI, Pa., Dec. 5.—A fruitful Christmas season is in store for Monongahela Valley millworkers and miners as December demands on practically all industries saw sharp production increases.

While there is no steel or coal boom, business is running ahead and new harks are expected in the major plants, and mines, a survey today disclosed.

Unprecedented demands are being made upon the coal producers of this section for increased river shipment to central distributing points. Eastern storage yards are reported running short of October and November supplies and it indicates December delivery calls on principal mines. Steel production was unsteady throughout November but orders are reported piling up by the American Steel and Wire Company and the Pittsburgh Steel.

Wage cuts were rumored about Donora today in some divisions of the American Steel and Wire Company plant but no official confirmation was forthcoming. "Tonnage men" were principally affected, it was said.

Many Mines Working

Nineteen mines are working in the Charleroi and Bentleyville region, a new record for the year. Production was running close to 100,000 tons daily. More evidence of Christmas cheer was given in the report leading mercantile and wholesale firms that orders were reaching out for a new peak.

Approximately 6,000 more miners are working in the vast valley field that were employed last December, a survey completed today shows. Monessen, Donora, Charleroi and Allenport steel plants are running about 80 per cent, with likelihood that capacity will be reached before December 15.

Christmas buying has already started in Charleroi and nearby towns.

Good Impression For New Castle

Legion Committee Reports Effort To Land Convention Made Impression

Reports reaching New Castle state that the executive committee of the Pennsylvania American Legion, which convened to select the city for the 1929 state convention in Philadelphia last Saturday, while not awarding the convention to this city, was greatly impressed by the business like method used by the local delegation in going after the annual meeting.

The committee demonstrated this fact, it is said, by going on record as favoring New Castle as the convention city at the earliest possible date. Such action is seldom taken and this city can feel assured that it can have the state American Legion convention if it wants it within the next two or three years, probably in 1931. Scranton will be the convention city in 1929 with Harrisburg as the host the following year.

No city has ever secured the legion convention on first application. Scranton has made several attempts and has finally been chosen as the site for next year's round-up.

Pat J. Dempsey, a member of the group that traveled to the Quaker city a few days ago, as New Castle's official inviters, declares that it will now be up to the local post of the legion to build up a large and healthy membership in the intervening period. "Citizens can assist the legion," he said, "by urging ex-service men to become affiliated with the local post."

The best of the old English carols are still sung such as "The First Nowell," "The Holly and the Ivy" and "What Child is This?"—haunting melodies with an irresistable swing, allied to quaint words.

Canada and the U. S. seem queer to Europe. When they want something from one another, they buy it instead of training soldiers to take it.

SUGAR O. K. FOR TEETH, SAYS M.D.

Any and All Food Should Be Brushed From the Teeth After Eating

Who, with any basis of fact, ever said that sugar is harmful to the teeth? An eminent British medical authority recently showed that sugar, perhaps more than any other food, tends to promote the flow of saliva in the mouth, which should be conducive to preserving the teeth in a clean state. He also pointed out that sugar promotes the flow of gastric juice and so is an aid to digestion. Rough foods and fruits are thought to be good for the teeth. How could anyone ever eat them without sugar?

The main thing is to eat a variety of healthful foods and to enjoy them. That's what the teeth are for. Medical authorities are alarmed today that so many girls and also adults are starving themselves in order to reduce weight. This passing fad, in the opinion of many doctors, has become a serious menace to health, frequently causing injuries that are permanent.

Eat enough nourishing food, and remember that sweetness is nature's perfect flavor. Nothing can take the place of sugar in making the whole meal enjoyable. Eat some citrus fruit—sweetened to taste—at least once a day. Take care of your teeth and enjoy eating. The Sugar Institute.

FURNITURE

The Best Christmas Gift of All

Furniture is indeed the desirable Christmas gift. It carries with it the spirit of Christmas, of good cheer, of coziness—yet the expense need not be large if your furniture purchases are carefully made. Come here where your Christmas dollar goes farthest—let us show you how to buy economically.

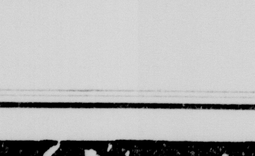

Odd Tables, $4.50
Finished in walnut or mahogany, hand rubbed. Very desirable for Christmas giving.

A Beautiful Bedroom Suite Reasonably Priced at $78.25

This smartly designed Bedroom Suite will surely please. It is well made of fine walnut veneers over gumwood. The bed is in straight end style. The chest of drawers has clever deck-top. Three attractive pieces for a very small amount.

Radio Bench, $3.45
In the new style wrought metal base and velvet top. Very attractive and really practical.

Library Tables, $16
In the new style as pictured above. Walnut veneered top. Sturdy construction. A good gift suggestion.

Mirrors, $7.95 And Up
Oblong or upright mirrors in many different styles. Some are etched. All are genuine beveled plate glass.

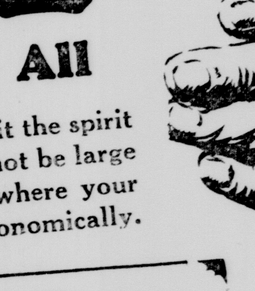

Metal Da-Beds, $26
These open to a full size comfortable bed. Cane panel effect ends. Very reasonably priced, quality considered.

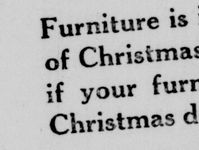

2 Striking Jacquard Pieces For the Living Room $129.50

This Suite, while simple in design, is exceedingly graceful. Note the continuous top rail—adding richness of appearance. The upholstery is of very fine material in attractive patterns. The loose spring filled cushions are linen damask reversed. Full web construction. One of our best values.

Boudoir Clocks, $24.00
These clocks have guaranteed American movements. Case is mahogany. Some fancy metal cases are also included.

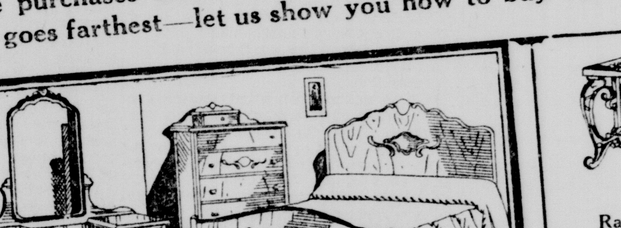

Bassinettes, $8
Finished in white, ivory or blue. Drop sides. Complete with link fabric spring.

Cedar Chest, $19.50
Walnut veneered front and top. Genuine red Tennessee cedar lined. Good size for many uses.

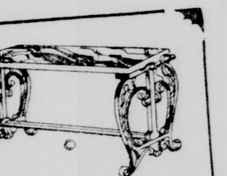

Odd Davenports, $95
In a variety of coverings—mohair, Jacquards, frieze or combinations of several. All have loose spring filled cushions. An unequaled gift.

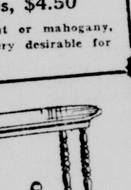

A Good Looking Dining Room Suite, 8 Pieces $98.50

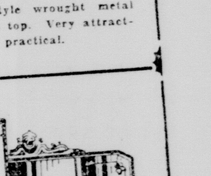

Matched walnut veneers combine with other fine cabinet woods to give this suite a very attractive appearance, and satisfactory durability. 6-ply walnut veneer table top. The table extends to 6 feet. Chair seats are upholstered. This is just one of our many good values.

Ottomans, $3.95
Fully upholstered and in materials, patterns and colors to match your living room suite. Good size.

Smoking Stands, $7.85 and up
Walnut finished, with copper lined humidor compartments. Complete with all smoking accessories. Special.

Pay Over Ten Million Dollars In Gas Tax In State In 6 Months

(Special To The News)

WASHINGTON, D. C., Dec. 5.—Operators of motor vehicles in Pennsylvania during the first six months of the present year paid a total of $10,095,950 in tax on gasoline burned as fuel, the United States bureau of public roads announces. During the first half of 1927, gasoline users of the state paid a tax of only $6,101,696, the bureau states.

The tax paid by operators of the state during the first half of the present year represents the revenue on the sale of a total of 336,531,666 gallons of gasoline within the state boundaries.

Of the total gasoline revenue collected in Pennsylvania during the six months period, $8,413,292 was expended on the construction and maintenance of rural state highways and $1,682,658 was allotted to the construction and maintenance of rural local roads.

In only two states was a greater revenue collected from gasoline during the first half of 1928. California motorists paid a tax of $14,564,290 and operators of motor vehicles in Ohio paid a gasoline tax totaling $11,198,113.

Two states, Massachusetts and New York, collect no tax on gasoline sold, the roads bureau states.

Bear's Friendliness Has Fatal Results

Bear Investigates "Men At Work"; Dresses At Over 200 Pounds

HARRISBURG, Dec. 5.—Even the bears are friendly in Tioga county, District Forester Paul H. Mulford has reported to the Department of Forests and Waters. He cited an instance where a bear's unconcern for human beings resulted fatally.

Recently William Beauter, New York Central railroad section foreman while at work on the railroad near the station of Burgess saw a large brown bear leisurely sauntering down the mountain and later walking along the track toward where he and his men were working. Beauter always carries his rifle while working on the railroad during the hunting season and securing it from the handcar shot the bear. It dressed a little over 200 pounds.

Commercial Club Meets On Tuesday

Commercial club students of the Senior High school held an important business meeting Tuesday morning.

Rings and silver pens were voted by the members as the emblems for the club. The members will be all welcome to choose one of the above tokens. It was decided that the Commercial club would contribute a whole page in the school annual.

Tuesday afternoon the members of the club were visitors of the Bell Telephone company. Prof. Harry Book supervisor of the club made it possible for the visit. He is also arranging for several other trips.

At the next meeting a program which is now being arranged will be presented to the club.

"Hatchet" Killer In Iowa Jail, Is Fearful Of Life

Jake Bird, Giant Omaha Negro Sent To Des Moines, Iowa, For Safe Keeping

(International News Service)

DES MOINES, Dec. 5.—Jake Bird, Omaha "hatchet man" suspect, was in Polk county jail here Tuesday.

He was brought here for safe keeping from Council Bluffs last Saturday night, but his presence in Des Moines did not become known until Tuesday.

"We are holding him here subject to orders from Sheriff Percy Lainson of Pottawattamie county," said Sheriff Park Findley.

Two charges of assault to kill have been filed against him at Council Bluffs as the result of the identification of Bird by Mrs. Harold G. Stribling as the man who attacked her and her husband.

"I can beat the rap," boasted Bird, a negro ex-convict, in his cell here today.

"I'm not much worried because I'm sure they can't convict me when I'm not guilty of the charge.

"And they haven't got a thing to connect me with those three murders in Omaha."

Bird, within the last few days, has been reported held in various jails in Iowa. One story had him at Fort Madison penitentiary.

Northcott Unable To Locate Graves

(International News Service)

VICTORVILLE, Cal., Dec. 5.—A search in the Mohave Desert for the supposed graves of 11 alleged victims of the Wineville "murder farm" was abandoned Tuesday when Gordon Stewart Northcott was unable to lead officers to the spot where he had said the bodies had been buried.

DON'T STAY FAT IN THESE DAYS

You see countless people who have gained new beauty, new health and vim, by fighting excess fat. Some have done this by abnormal exercise and diet, some in a modern, scientific way. Why not follow their example?

There is a way based on scientific research. It combats a cause of excess fat which starvation cannot fight. That method is embodied in Marmola prescription tablets, now used for 20 years. Millions of boxes of them. The results you see wherever you look should induce you to accept them.

Each box of Marmola contains the formula, also the reasons for results. So there is no secret, no reason to fear harm. You will know that all the good results come in a natural way. Go learn them now, by asking your druggist for a $1 box of Marmola.

DECIDE TO BECOME INDEPENDENT

Why aspire for an independence for half a lifetime before beginning to strive for it.

Begin now to win a position of independence so that you may have more years to live in the enjoyment of it.

Indecision has cost many a fortune. Initiative and courage to choose the more difficult path have redeemed many from a life of mediocrity.

In almost everyone's heart dwells the hunger for property ownership, for the comforts of life, for the welfare of dependents.

Achievement, though it begins with worthy aspiration, cannot get under full headway without decision.

Your destiny hangs upon the decisions you make.

The man who knows where he is going finds the way to get there.

But first of all, he decides to go there.

MISTAKEN FOR DEER, KILLED BY BROTHER

BELLEFONTE Dec. 5.—Charles Guiser 47, was shot and instantly killed by his brother Harvey of Hublersburg who thought he was firing at a deer. Charles is a bachelor and farms in South Dakota coming home every fall for the hunting season.

Yesterday afternoon he and his brother Harvey went into the Nittany mountains to hunt deer. Harvey placed Charles on watch and made the drive himself. When he came out Charles was nowhere in sight and seeing something moving in the underbrush he supposed it a deer and shot. When he went to see what he had killed he found it was his own brother.

Special Meetings At New Wilmington

Pastors From Nearby Cities Are Speaking At Methodist Church; Town News

(Special To The News)

NEW WILMINGTON, Dec. 5.—Four cities are being represented in the Epworth League meetings of the Methodist church here this week, when ministers from Sharon, Mahoningtown, Sharpsville and West Middlesex speak at the "Companionship Week" meetings. Last night the Rev. W. G. Smeltzer of the West Middlesex Methodist church spoke to the local young people, and tonight the Rev. W. A. Thornton of the Oakland avenue, Sharon, church will speak.

On Thursday and Friday evenings the Rev. D. D. Sleppy of Mahoningtown and the Rev. I. E. Rossell of Sharpsville will give talks at the local church starting at 7:30 o'clock.

Yesterday afternoon the Happy Hour Society of the local Presbyterian church met at the home of Mrs. Harry Winger, 242 Shenango boulevard, Farrell. Mrs. Anderson and Mrs. L. Plotts were joint hostesses.

The devotionals were conducted by Mrs. Sampson and Mrs. Reid McFarland and Mrs. Bell and Mrs. Crooks were in charge of the mission study discussion.

A meeting of the local W. C. T. U. took place this afternoon at the home of Mrs. W. Popino. Discussion and routine business were the order of the meeting.

Word was received here today that Mrs. J. H. Boyd would extend her Thanksgiving trip to the East to include two more weeks. She will visit friends and relatives in New York, Philadelphia and Long Island.

PHILADELPHIA, Dec. 5.—James M. Beck was re-elected to the congressional post in the first district here on the basis of a recount of all the ballots in the district.

The election court's official figures were made known Tuesday, revealing Beck had a majority of 120 votes over William L. Rooney, his Democratic opponent. The reports on election day had given Rooney a slight majority, but when the judges had rechecked the account it was disclosed Beck had been re-elected.

These Simple Rules Make Teething Easy

Be careful of Baby's diet during teething. Do not overfeed him. Watch his stomach and bowels and at the first sign of indigestion, gas or constipation, give him a few drops of harmless, pleasant-tasting Fletcher's Castoria. These simple rules are making teething easy on millions of babies—and mothers, too. For over thirty years Castoria has been the trusted standby of mothers everywhere. It soothes wakeful, cross babies to sleep quickly and easily—and it's purely vegetable so you can give it as often as needed. It does the work of castor oil better and more gently. For your protection, the bottle of genuine Castoria always bears the Fletcher signature.

ELECTRIC CLUB IS ORGANIZED

New Castle Men Form Part Of New Club Of P.-O. System

A new organization of Penn-Ohio employes for the especial purpose of studying problems of foremanship was completed Monday night at a dinner meeting in Youngsgtown. The new body is known as the Penn-Ohio Electric club and comprises the executives, superintendents and foremen of the line, meter, sub-station and other electrical departments of the Penn-Ohio Syestem.

Ninety men from Youngstown, New Castle, Sharon, Greenville, Girard, Zelienople and Columbiana districts were present. Dinner music was furnished by the Penn-Ohio orchestra under the direction of Frank Wood. Election of officers followed the dinner with the following selections: President, Frank W. Funk; vice president, K. B. Crawford and secretary, O. W. Hill.

A feature of the evening was an address on "The Foreman and His Job' by Mr. Copeland of the Elliott Service company.

Why are holly and mistletoe used as Christmas decorations? In olden times holly was regarded as a sacred plant. The red berries were associated with drops of holy blood and the spines on the leaves with the thorns composing the Crown of Thorns. Mistletoe was used by the Druids at their Yuletide feasts and adopted by the Christians.

Injunction In Cambria County Halts Hunting

Cambria County Is Fifth In State To Bar Doe Killing By Special License

(International News Service)

EBENSBURG, Pa., Dec. 5.—With doe deer hunting apparently definitely blocked by an injunction in Cambria county until after the close of the legal season, sportsmen here today were divided into two camps in a bitter controversy.

President Judge John E. Evans granted an appeal of John Johnson, of Patton, that an injunction be granted restraining the 1,113 holders of special doe licenses from making use of them. Patton set forth that there had been wanton and illegal slaughter of the doe, saying that there had been constantly recurring reports that does and bucks of less than 50 pounds weight had been killed.

The injunction set Dec. 17 as the date for hearing. Since the season closes Dec. 15, this in effect bars use of the special licenses at all. Issuance of the licenses were stopped here on orders from Harrisburg after 1,113 had been issued.

Cambria is the fifth county to bar the use of the special licenses by injunction.

Patton represented a group of sportsman who charged that there had been "unsportsmanlike slaughter" of does.

Woman Alleged To Be Carrying Electric Drill Robs Dental Offices

(International News Service)

GREENSBURG, Pa., Dec. 5.—Police here today sought a pretty 25-year-old woman, known to them as the "Gold Driller," whose specialty is to robe dental offices. Seven dental offices in Greensburg and several in Monessen and Monongahela Valley towns have reported gold filling thefts.

The woman is said to carry an electric drill in a handbag which she uses to drill through safe doors to obtain the gold.

Winner!

The artist friend who advised lovely Dorothy Cray, 254 West 12th St., New York City, to enter two recent beauty contests, is probably saying, "I told you so." She won both of them and a movie engagement into the bargain! Too bad, pictures can't show the loveliness of her skin and the gleaming beauty of her dark brown hair, points which, the judges say, swayed their decisions.

"When I consider how people admire my hair now and how different it was not long ago," says Miss Cray, "I can't help telling about it. Dandruff had nearly ruined my hair. It had gotten stringy, dull, and was falling out. My scalp was terribly uncomfortable. Then a friend got me started on this method of caring for the hair which is all the rage among New York girls. Now, I just put a little Danderine on my brush each time I use it. Since I have been doing this regularly, all dandruff has disappeared; my scalp has become perfectly comfortable and healthy; my hair has stopped falling out and has become soft, gleamy and pretty."

Danderine quickly removes that oily film from your hair, restores its natural color, gives it more lustre than brilliantine. It makes the hair easy to dress and keeps it in place. It stops dandruff. It isn't oily and doesn't show. At all drug stores, 35c. A delicately fragranced toilet necessity for the well-groomed girl.

Your Broadway And Mine

By WALTER WINCHELL

Exclusive Central Press Dispatch to The New Castle News

NEW YORK, Dec. 5.—From the inside stuff columns of Photoplay one learns of the bitter times suffered these days by a former film star on the coast whose charm is one of the reasons for her immense popularity out there. She is described by the magazines as one who has a child, but also adopted the adopted baby left by Barbara LaMarr when she passed on. It appears that her husband is toying with an ex-Broadway beauty, but she displays gallant bravery by inviting the trespasser to her home, entertaining her and appearing with the couple in public. "Not a word of complaint has been heard from her," says the magazine, "but her eyes have taken on the look of tragedy."

Bugs Baer contends that "The New Americana" revue, which was revived after a hasty closing, is like an umbrella or door. "It opens and shuts," says Mr. Baer, who is credited with the book of the production, but who is also reported to have fled after a tiff before the premiere, taking his wise cracks with him.

Which reminded a clown of another flop show which is being doctored by "humor" specialists. The other afternoon two of the authors summoned in strove to fix things up, but several hits did not strike a member of the cast as being funny.

"It seems to me," she flip remarked to the authors, "that with you guys it's still all work and no Play."

BROADWAY ODDITY

Among other Broadway things is the interesting episode concerning Ula Sharon and Carl Randall, both featured dancers in the revised "Americana." Two years ago the couple divorced, although they are reported as being on friendly terms, even residing almost next door to each other.

They were engaged for the revue, but not as a team, and did not know until they met on the stage at a rehearsal that they were cast for the same production. At one time they were listed among the most devoted couples in the business. Both are charming people and highly talented. Yet the professianal jealously angle asserted itself. They ordered the management to insert in the contracts that each was to be featured. So to make them happy, the sponsors built two signs, one of which displays Miss Sharon's name over Mr. Randall's and the other sign bills his name over hers.

MORE ABOUT AN EDITOR

This column, anxious to preserve the continuity of its capsulated (oop) biography of Herbert Bayard Swope, retiring executive editor of the New York Morning World, hopes to put to death the rumors which are again flying about Park Row and Broadway that Swope is the secret owner of the Morning Telegraph, which was recently peddled to Joseph Moore. It happens that we know. It also happens that we know the paper was offered to him, but he refused it on account of other plans. An interest in it was also spurned. Ralph Pulitzer, by the way, the owner of the World, wants Swope to keep associated with it after January 1 (when his resignation becomes effective) to serve as guide, counsellor and friend, but the man that Northcliffe once said was "America's greatest reporter" has not definitely made up his mind.

In olden days a carol was a ring dance with song accompaniment—a ring of men and women holding hands and moving round in dancing step, singing as they went.

EASTBROOK

SCHOOL NEWS

Most of the quarantine for chickenpox have been lifted and there have been only a few new cases reported.

Anna Martin, Virginia Martin, Katherine Jameson, Virginia Garner and Alice Bowden, East Brook graduates, were recent visitors of the school.

An interclass game, senior vs juniors, was played Wednesday, November 28, at noon. The score was 10-2 in favor of the junior girls.

The Hi-Y older boys' conference, which is held every year at one of the cities of western Pennsylvania, will be held this year at Coraopolis. Fellows interested in the Hi-Y organization from all parts of western Pennsylvania come each year to mingle with other fellows and get a better idea of how other clubs are conducted. This year East Brook high is sending from their Hi-Y six members. They are Mitchetll Kwiat, president; Clare Martin, secretary; Philip McCreary, Edward Bilger, Lewis Wallace and Errol Alborn. The conference will begin Friday, December 7, and last three days.

The East Brook Hi-Y club will be guests of William Thomas on Thursday of this week at the Y. M. C. A. After supper a meeting will be held to settle last minute affairs about the Coraopolis conference. The remainder of the evening will be spent in the swimming pool.

The sympathy of the high school is extended this week to two schoolmates, Mary Elizabeth Patton, whose fathed died Saturday, and to Thelma McFarland, whose young sister Betty Louise died last week.

EAST BROOK NOTES

Harold McConahy is confined to his home by illness.

Helen McConnell has returned to her work at New Wilmington.

R. C. Cummings and son Edgar were recent callers in Mt. Jackson.

Miss Violet Gardner, a former pupil of this school, visited us last week.

Mrs. Sam Young of Volant called on her sister, Mrs. George R. Patterson, recently.

Herman McConnell motored to Ellwood with Charles Kissich and family Sunday evening.

Miss Velma Taylor of East Brook spent Thanksgiving with her friend, Anna Welker of Volant.

Miss Virginia Martin, a student of Slippery Rock State Teachers college, is at home with an attack of appendicitis.

Miss Ruth Goodwin of Cleveland, O., spent the Thanksgiving holidays at the home of her friend, Mrs. G. G. Stetson.

Rev. Marlan and Walter McKee spent Sunday at New Bedford where Rev. Marlan conducted services at the U. P. church.

Rev. Spear of Colorado, who is spending the winter in New Castle, spent Thursday evening with Mr. and Mrs. R. A. Patterson.

Mr. and Mrs. Scott Shoaff and son Crawford of the East Brook road spent Thursday at the home of Mr. and Mrs. W. R. McKee.

Mr. and Mrs. John Reynolds and children of the Youngstown road spent Thanksgiving at the home of Mr. and Mrs. G. G. Stetson and family.

The Ladies Missionary society of the U. P. church held a bazaar at the church Friday night. The proceeds will be used for the benefit of missions.

The electric poles have been set on the Bartsch road and the wire will be stretched soon. The line will extend to the Bartsch farm, formerly the Arrow farm.

Harry Blews and Miss Elizabeth Blews of Ryan avenue and Helen Cherry of Edenburg spent Thanksgiving at the home of Charles Hood on the East Brook road.

Tuesday evening, December 11, the Knoxville sextet, composed of negro singers, will be at the U. P. church. The sextet is visiting all the U. P. churches in this vicinity.

The assistant superintendent of the U. P. church Sabbath school, Harold Walton, is preparing for the Christmas entertainment. Time of entertainment will be announced later.

Services at the U. P. church next Sabbath, December 9: Sabbath school at 10 a. m., preaching at 11 a. m., the Bible study class in the evening at 7:30. Pastor, Rev. J. Walker St. Clair.

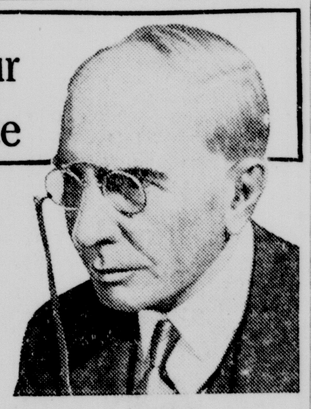

Mr. and Mrs. I. L. Delaney of the Ruskin apartments, Pittsburgh, and Leslie Jameson of Wilkinsburg spent Thanksgiving day with the latter's parents, Mr. and Mrs. J. B. Jameson.

Mr. and Mrs. Earl Young and son Earl, Jr., of Detroit, Mich., and Mr. and Mrs. Clare Alborn of New Castle were guests at the home of Mr. and Mrs. Math Young of near East Brook Sunday, November 25.

Irwin Stunkard, Grace Patterson, Dorothy Stunkard, Katherine Jameson, Anna Martin, Alice Bowden and Willard Bowden have returned to various colleges after spending their Thanksgiving vacation at their homes.

There is a belief in Ireland that every Christmas eve the Christ-Child walks once more through the land, so lighted candles to guide the Holy child lest He lose His way in the dark are placed in the window of every home.

Cascara is Your Doctor's Choice

When physicians pronounce cascara the PERFECT laxative—why experiment with things that lash the system into action? Cascara, you know, is the bark of a tree. A natural and normal stimulus to the bowels.

The Indians, who used to chew this bark, had no word in their language that meant "constipation"!

Perfect regularity is possible today, and to all of us. We have cascara in ideal form; the very delightful-tasting candy Cascaret gives us pure cascara. It has helped at least a million people to habitual regularity. Millions of others, unfortunately, have stuck to stronger things and acquired only the laxative habit.

Your first Cascaret will demonstrate how THOROUGH this gentle laxative is, after all. Your next surprise will be the length of time before you need another. Eventually, you'll see that cascarizing tends to make the bowels move thereafter of their own accord!

A modern drugstore must stock many laxatives, but for your own good the druggist would rather have you ask for the inexpensive little box of Cascarets than anything else.

Six Persons Sent To Uniontown Hospital For Treatment Following Crash

(International News Service)

UNIONTOWN, Pa., Dec. 5—Six persons were being treated here today for injuries received when the car in which they were riding was in collision with a Baltimore & Ohio passenger train at Hogsett's cut near here.

The injured are Mike Stefanik, 32, of Dunbar, lacerations of the face and body; Mike Stefanik, Jr., cut and bruised; Mrs. Anna Stefanik, bruised and suffering from shock; Mrs. C. Z. Osechak, 28, of New York, internal injuries; Baby Osechak, 17 months, lacerations of the scalp, and Mrs. Anna Jarenbusky, 34, of New York, internal injuries.

The train struck the rear end of the automobile, hurling it into a ditch. All of the injured were taken to the Uniontown hospital.

Constables Report Several Roads In Need Of Repairs

East Brook and Harbor road, west of the Ludwig farm in Neshannock township is in bad shape, according to returns made by Constable W. G. Rees. Repairs are needed on Fairmont avenue, west of Wilmington avenue; the Pulaski road, near Robinson's and the Chapin road.

Constable J. L. French of Perry township reported the road from Roy Koach's store to Elmer Blair's in bad shape. Judge Hildebrand directed that the road supervisors be notified.

WHERE JOHN COOLIDGE AND HIS FIANCEE WILL WED

When Florence Trumbull, daughter of the governor of Connecticut, and John Coolidge plight their troth, next summer, they probably will exchange vows in the beautiful home above, the residence of Miss Trumbull's parents at Plainville, Conn., where the bride-to-be says she and her fiance have "spent their happiest hours." It is believed the Rev. Charles S. Wycoff, formerly pastor of the Plainville Congregational church and now head of the Westminister preparatory school at Simsbury, Conn., will have a part in the ceremony. He is above, in the uniform of an army chaplain.

Now! The Greatest Living Room Suite Values In Years!

We have never had so many visitors and customers at the beginning of a sale. We never heard so many expressions of satisfaction about our Living Room Suites and the savings. One customer seemed to voice the opinion of hundreds with the remark: "There is no comparison with Haney's Sale at all, either in the furniture or the values." We expected comments of this kind because we paved the way for them.

The people are coming because of the unparalleled values. Because we have made amazing price reductions—because of the vast and varied styles just received from the manufacturer—every one an advance style shown at the recent Chicago Furniture Show. Choice beyond your fondest hope. Opportunities beyond belief! Come! Don't delay a day—if you are in need of a Living Room Suite see these remarkable values!

An Ideal Christmas Suggestion!

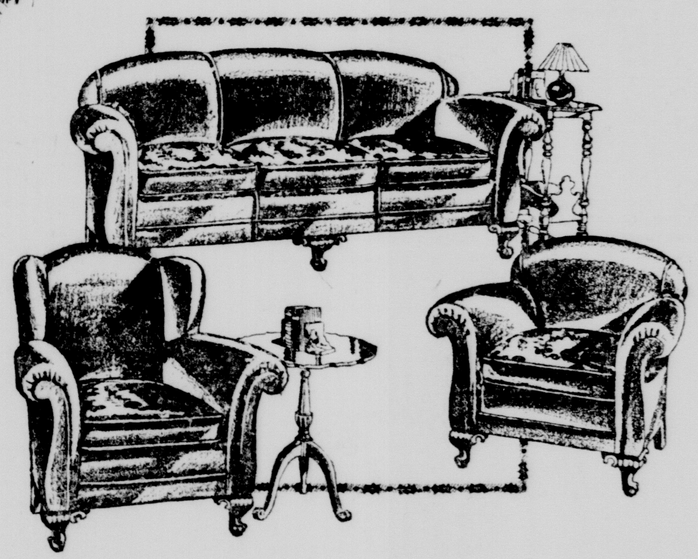

"Let's Give Mother A Living Room Suite"~

"She has all the silver, clothes and plenty of everything that I can think of. But I know what she would like—a new suite for the living room. Only last week when we were down town shopping mother and I looked at a suite in Haney's window. She was crazy about it. Why not get it for her?"

"That's the best idea you ever had, sis."

"I'll O. K. that good suggestion too and besides I'll let you go down to Haney's and pick it out," said dad as if a load had been lifted from his mind.

NEW CASTLE'S GREAT FURNITURE STORE

First State Bank Affairs Will Soon Be Finally Settled

Sale Of Tag End Of Securities Held; Depositors To Get About 93 Per Cent

With the sale of all mortgages, notes and book accounts of the defunct First State bank of New Castle, which was held at the office of Attorney R. L. Wallace yesterday afternoon, under the direction of Peter G. Cameron, secretary of banking, affairs of the bank will soon be ready for the filing of the final account. The sale yesterday was the tag end of the securities held by the bank and the amount realized was small.

This sale winds up the affair of the bank with the exception of one case which is in the supreme court and on which an opinion is expected this month. It is the case of Anna Nocera against the secretary of banking, in which exceptions were taken to the secretary's report. The case was one in which Mrs. Nocera had left certain securities with the bank for safekeeping. When it went into the hands of a receiver the securities could not be found. Mrs. Nocera is trying to recover the amount.

So far depositors in the bank have received dividends amounting to 90 per cent of their deposits. Attorney Wallace, counsel for the secretary of banking, states that it is likely that they will receive about three per cent more, making a total of 93 per cent of their claims.

There will be nothing for general creditors or stockholders in the bank.

The Massacre At Balangiga (Part One)

AFTER THE PHILIPPINE INSURRECTION HAD BEEN SUPPRESSED IN LUZON, THE REVOLT OF THE NATIVES AGAINST THE AUTHORITY OF THE UNITED STATES CONTINUED TO SMOLDER IN THE OTHER ISLANDS OF THE GROUP, ESPECIALLY IN SAMAR AND LEYTE, WHERE THE INSURGENTS WERE LED BY GENERAL LUKBAN.

LATE IN THE SUMMER OF 1901, DETACHMENTS OF TROOPS WERE SENT TO SAMAR. TO BALANGIGA, A PORT OF 1,000 INHABITANTS ON THE WILD SOUTHERN COAST OF SAMAR, CAME COMPANY "C" OF THE 9TH INFANTRY, NUMBERING THREE OFFICERS AND SEVENTY-FIVE MEN.

ON THE ARRIVAL OF OUR SOLDIERS, THE GUERILLAS RETREATED INTO THE ALMOST IMPENETRABLE JUNGLES. THE AMERICANS AT BALANGIGA AT ONCE BEGAN SANITARY REFORMS, AND FORCED THE MALE POPULATION TO TAKE PART IN CLEANING UP THE TOWN.

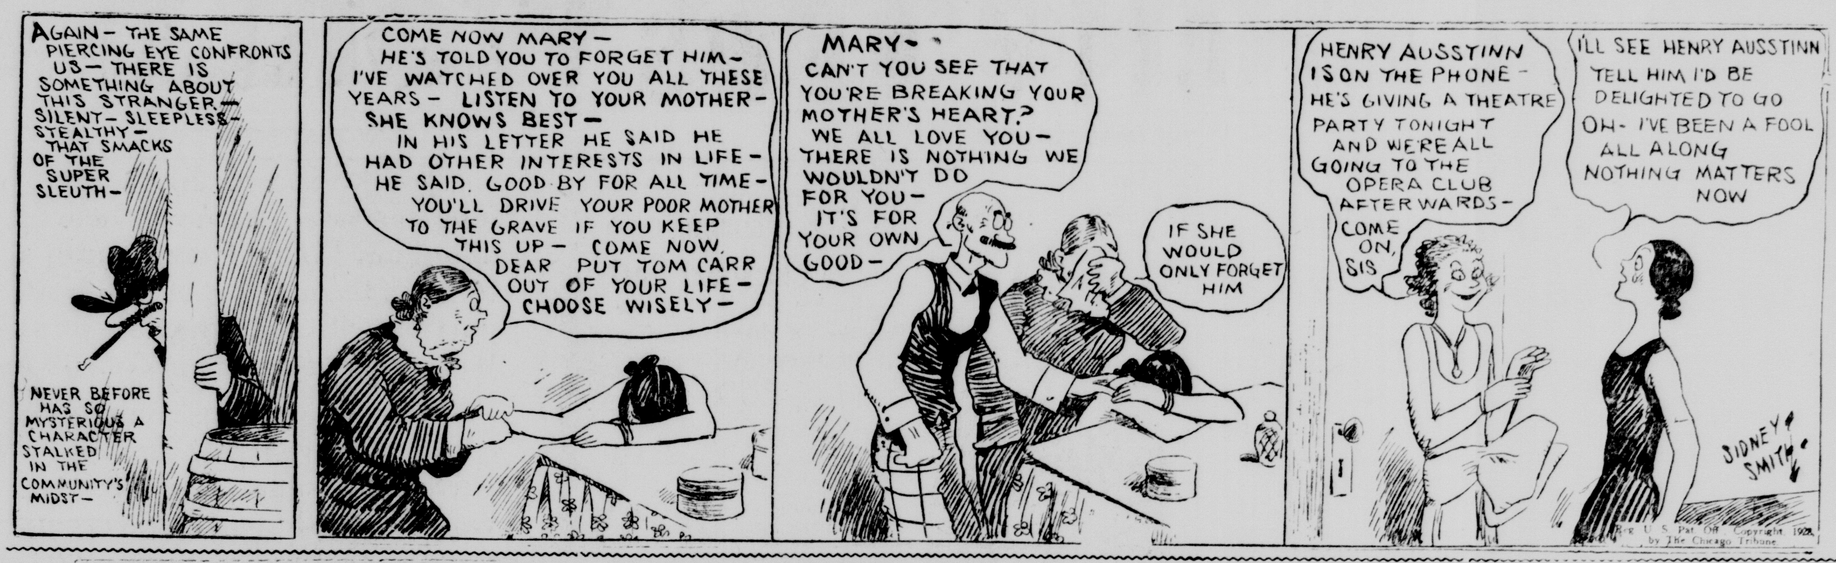

THE NATIVES SEEMED FRIENDLY ENOUGH, BUT, UNKNOWN TO THE AMERICANS, THERE WAS TREACHERY AFOOT. THE "PRESIDENTE" (MAYOR) AND CHIEF OF POLICE OF BALANGIGA SECRETLY PLOTTED WITH LUKBAN'S GUERRILLAS TO DESTROY THE "AMERICANOS".

Trade Winds Strong In Toronto Meeting Of Baseball Moguls

John McGraw Arrives On Scene And May Swing Several Deals

Heilmann And Bib Falk May Be Traded Evenly By Detroit And Chicago

By DAVIS J. WALSH
Sports Editor International News Service

TORONTO, Ont., Dec. 5.—The annual convention of the National Association of Professional Baseball Leagues, an organization whose sole purpose is to afford the majors and minors an opportunity to snarl at each other under genteel auspices, will actually get under way today, after some forte-eight hours of preliminary shadow-boxing. With perfect gravity, it will go forward with the annual business of discussing the draft, which has been discussed from every conceivable angle these several years. With its customary sang froid, it will consider the things it always considers and do the things it always does, which mostly is nobody's business, including the N. A. P. B. L's.

With all due ceremony, the word will go forth that the baseball pot is boiling merrily regardless of the fact that the kettle may be empty and the fire low.

What this country needs in addition to a good five-cent cigar, is a magnate who doesn't retire in haste behind the nearest potted fern in the lobby, and peer furtively out at his fellows every time the word trade is mentioned above a contralto octave. Miller Huggins has been in here twenty-four hours looking for a third baseman. He probably will go away looking for him. Mr. Huggins is the instigator-in-chief of the most fluent fountain pen in baseball, yet, if anybody is interested he has concealed the fact very doggedly and well.

Incidentally and strictly for the sake of clarity I made no ulterior reference to delegates in the above paragraph. It is the fern that is potted.

McGraw On Scene

Anyhow, John McGraw is coming into town today and perhaps he will start something. John is thoroughly experienced started, his versatility being boundless. Stanley Harris and Frank Navin, of Detroit, are expected on the same train and probably will close their deal with the Toronto club for Johnny Prudhomme, pitcher, and Dale Alexander, first baseman. The Yanks are understood to have wanted both of them and will get neither.

Just who may be the third baseman sought by Huggins is a matter of much moment to the gossips. They say it isn't Buddy Myer, of the Boston Red Sox. In fact, the word is that the Boston-New York deal is off like a hat in church. They say it may be Ossie Bluege of the Senators and the name of Fred Haney, of Indianapolis, has been bandied about in a manner most indiscriminate, however, it may be that Frederick will manage the Seattle club.

A deal between Detroit and Chicago, involving Harry Heilmann and Bib Falk, also has been discussed at much length and in great detail by those who know nothing about it. Give the lads a little time and they will think up a lot of good ones. Anyway, they are all in there swinging and maybe somebody will forget to duck and lo, behold and other exclamatory sounds and we will actually have a baseball trade.

As for the draft the solution, if any seems to be a bit above and beyond the average member of the assemblage. The system is far from perfect, as it stands, but it will have to suffice until a better one is presented. This matter is something like Mrs. Mavourneen's young daughter Kathleen. It may take years and it may take forever. And maybe some genius hitherto hiding his light under a potted fern will spring from ambush with the answer today.

Royal Five Will Be Reorganized

The last year Castleton Five floor team, held a reunion last night and decided to reorganize for the coming basketball season under the name of the Royal Five.

Further announcements of the plans of the team will be given the latter part of the week. Officers will be elected at the next meeting, which will likely be held on Thursday.

The Royal Five would like to book games with all fast junior teams in Lawrence county and New Castle. For games get in touch with Francis Schu at 1324 Moravia street, or call 5772-J between 12 and 1 o'clock.

Ross And Piai To Battle Here

Mercer County Welterweight Question To Be Settled At Bowl

TONY HAS BATTLED SOME TOPNOTCHERS

Tony Ross, formerly of Charleroi and who fought as a featherweight, lightweight and now battles as a welterweight will clash with Johnny Piai, the Greenville pride at the Jolly Bowl, Monday night, according to Promoter Bill Jolly after which the bowl will be closed until Christmas afternoon.

Ross is one of the few boxers to win a decision over Phil McGraw and during his career has boxed Eddie Wagner, Hilario Martinez, Russie LeRoy, Jack Bernstein, My Sullivan, Alex Simms, Bobby Tracy, Cuddy DeMarco and other good boys.

Piai has been boxing around Erie, Pa., but has scored several knockouts in Youngstown. Recently Ross family moved from Pittsburgh vicinity to Sharon and immediately a rivalry between Piai and he ensued with the result that Bill Jolly matched the welterweights to settle the rivalry in this city.

High Football Team In Ten-Year Period Holds Great Record

New Castle High School Football Team In Ten Years Wins 79 Games

Coach Philip H. Bridenbaugh Here Seven Years; Has Brilliant Record

By "BUGS"

Harry Hildebrand and James Klingensmith, two loyal New Castle high school football fans, today sent to The News a record of the red and black gridiron teams in the past ten years that reveals a brilliant record.

Since 1919 the New Castle high school football teams have won 79 games, lost 10 and tied nine, for a 10-year average of .887. It is believed that this record cannot be beaten in western Pennsylvania, or the entire state for that matter.

New Castle high football teams have had a steady climb ever since the fall of 1922 when Philip H. Bridenbaugh was secured from Geneva college and made head coach at senior high. In his seven years at New Castle Bridenbaugh has directed teams in 63 victories, lost but three games and tied five for a most extraordinary record. The teams that have beaten New Castle since Bridenbaugh took charge here are Ellwood City, Schenley and South High Youngstown.

Defeats Vindicated.

Bridenbaugh succeeded William Herbst as coach at senior high and since 1922 has given New Castle a winning football team. There have been a few that have "yammered" for the removal of Bridenbaugh, especially after the Ellwood City and South High setbacks, but since that time both teams have been defeated by the red and black stalwarts coached by Bridenbaugh and he has more than vindicated himself.

New Castle is very fortunate in having a coach the calibre of Bridenbaugh at the helm. From an almost obscure "country" football team, the Lawrence countians have risen to a place in the national scholastic spotlight, and the biggest part of this success rightly belongs to none other than Philip H. Bridenbaugh.

Following is the record kept by Hildebrand and Klingensmith and submitted to The News:

Year	Won	Lost	Tied	Pct.
1919	6	3	1	.666
1920	5	2	2	.714
1921	5	2	1	.714
1922	8	0	1	1.000
1923	10	0	1	1.000
1924	10	0	0	1.000
1925	9	1	0	.900
1926	7	1	2	.875
1927	10	1	0	.909
1928	9	0	1	1.000
	79	10	9	.887

Dick O'Leary To Box At Wilkes-Barre

Toledo Boxing Commission Exonerates Johnny Datto, Filipino

Dick O'Leary, featherweight of Wilkes-Barre, Pa., accompanied by Jimmy Dunn, left New Castle late last night for Wilkes-Barre, where O'Leary fights Billy Kelly, 10 rounds, Thursday night. Dick Knocked out George O'Brien here recently.

While here Dunn stated that Johnny Datto, Filipino, who had been suspended by the Toledo, O., boxing commission, had been reinstated.

When Datto boxed here and in the west he had injured hands and Dunn telegraphed for permission to withdraw the Filipino from a bout in Toledo.

The telegram did not reach the Toledo boxing commission and the body not only suspended Datto but fined the fighter.

Yesterday the local Western Union manager verified Dunn's claim that the telegram had been sent from here and furnished a copy of the message to the commission.

The result is that Datto is now able to box again in Ohio as the commission decided that Dunn had played fair by asking for a postponement owing to Datto's condition, but due to some shuffle the commission didn't get the message.

The saxophone just seems easy to learn because failure to play the right note can't make it any worse.

Mayor Walker Will Address Notre Dame Gridders At Banquet

(International News Service)

NEW YORK, Dec. 5.—Mayor James J. Walker plans to leave tonight for South Bend, Ind., the home of Notre Dame university. The mayor will speak at the dinner that marks the end of the football season for Coach Knute Rockne's team tomorrow night.

Central Christians Defeat Jacksville

The Central Christian church basketball team opened their 1928-29 basketball season at Jacksville on Tuesday night, by toppling the fast Jacksville Independents 28 to 19.

The Christians led by Earl Bauman who caged six goals to be the high scorer of the game, held a lead of 13 to 10 at the end of the first half. Westlake with three baskets was the best for the losers.

The summary:

Central Christians 28		Jacksville 19
Shook	F	G. Humphries
Neyman	F	J. Humphries
Bauman	C	McCreary
Harris	G	Book
Cowmeadow	G	Studebaker

Subs.—Shaffer, Jenkins, Martin, Price, Westlake. Field goals—Shook, Neyman, E. Bauman 6, Harris, Cowmeadow, J. Humphries 2, Westlake 3, Studebaker 3. Fouls—Christians, 8 out of 16; Jacksville, 3 out of 10. Referee—Humphries.

Many Gridders At Westminster Given Mention

Spurt In Athletics At New Wilmington Brings Favorable Notice

(Special To The News)

NEW WILMINGTON, Dec. 5.—Westminster's football team the best in a decade at the United Presbyterian school comes in for additional honors as all-opponent and all-conference teams are announced.

Already seven of the 13 letter men have received mention by those who delight in choosing all-star teams. Richard Fuller, frosh guard from Erie was selected by Allegheny players on their second all-opponent team. He was also selected by Max Hannum on the second all-conference eleven.

Stephen "Jiggs" Havrilla, varsity fullback for four years, has been mentioned by almost every writer. Hannum selected Havrilla for the first all-conference team. Allegheny, which had Dartmouth and Pitt to select from gave Havrilla honorable mention.

Jess Carver mentioned Fred Palmer, stripling halfback as one of the outstanding backs he has seen in action this year. Harold Forsha, stellar end who was injured in the Thiel game, was placed on the second all-conference team by Hay Hannum. Russell "Chappie" Boone, captain-elect, was selected as center on the second all-conference eleven by Hannum.

Captain Joseph Furno, iron man tackle, was selected by Hannum for the first all-conference eleven. James McQuiston quarter; Adrian Dible half; and Emmett Tweedy end, have also been mentioned by opposing teams as worthy of mention.

Big Leagues To Open April 16

Big Leagues To Start Play Week Later And Close Week Earlier Owing To Weather

(International News Service)

TORONTO, Ont., Dec. 5—Major league baseball will open its season a week later this coming year and finish it a week earlier in order to avoid the inclement weather that has beset it in the past.

John A. Heydler, president of the National league, made this announcement after a conference with President E. S. Barnard of the American league while delegates were awaiting the opening of the convention of the National Association of Professional Baseball league today.

It was definitely settled, Heydler said, that the season would open on Tuesday, April 16, and close on September 29. Heydler also declared that several of his club owners had held out for old starting and finishing dates but had been persuaded to attempt the innovation.

Roller Skating To Start Here

Franklin People Lease Bowl For Skating Except On Monday

Bill Jolly, owner and promoter of boxing at the Jolly Bowl today stated that he had rented the bowl for roller skating each afternoon and night, excepting Monday and holidays, to Franklin people and roller skating will start next Tuesday. Five hundred pairs of skates have been already sent to the Bowl.

Jolly stated today that the skate promoters would stage polo games during the winter.

A sizable rink will be made possible by removing the ring and seats from the floor.

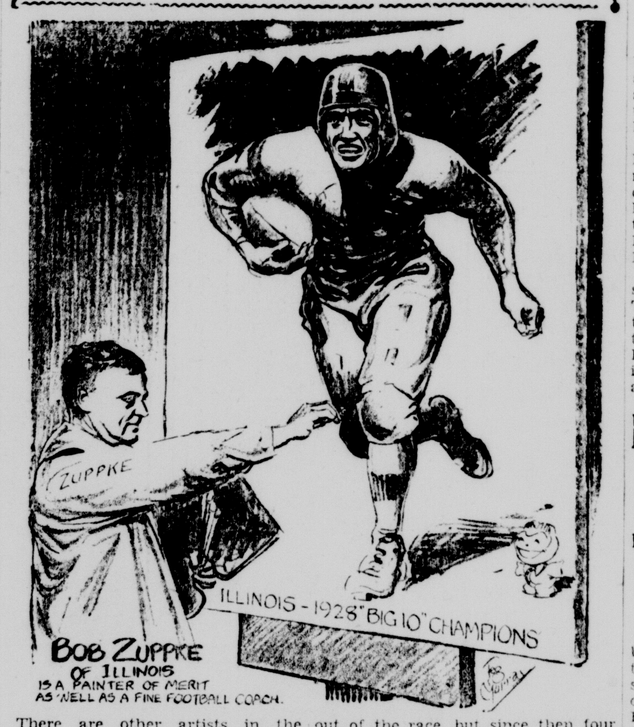

Armstrong Named Dartmouth Leader

(International News Service)

HANOVER, N. H., Dec. 5.—A married man will lead Dartmouth's football eleven and a pretty bride is happy.

Ellsworth Armstrong, the big Green tackle of New Haven, Conn., was elected 1929 captain. Last summer Armstrong married Miss Peggy Wheatley of that city. They keep house here.

Another Masterpiece — By Feg Murray

There are other artists in the sports world besides Helen Wills. There is Bob Zuppke, for instance, a fine marine and landscape painter, who goes abroad to study and who has exhibited in the Chicago Art Institute. The versatile Robert, a "Little Giant" in more fields than one, has just completed another masterpiece, comparable to the one he turned out a year ago. Each one bore the same title, "Big Ten Conference Championship," and each one was an all-star, or a non-star picture, unlike one of his previous masterpieces, which came out in 1923 and was entitled "A Study of Red".

Illinois finished the 1928 season sitting on top of the Western conference world by virtue of its victories over Indiana, Northwestern, Chicago, and Ohio State, and by virtue of a fumble that ruined Wisconsin's chance of a clean slate. A month ago, when Zuppke's boys dropped a 3 to 0 decision to a despised Michigan eleven, it looked as though the Illini were out of the race, but since then four challengers for the title popped up and then disappeared, leaving the Orange and Blue of Urbana with the best percentage of any of the ten contenders.

This is the seventh title won by Illinois since 1897, when the Big Ten began to function. Zuppke has just finished his sixteenth season as football mentor at Urbana. During that time he has invented many trick plays and strategies, coined many an epigram, and done much for the good of football. He is a talkative, witty little Duchman who fraternizes with his men and yet commands their respect. "Zup" is all for such things as color, rhythm of movement, psychology, and music in football, and every now and then comes out with something startling in the way of a gridiron innovation.

Conference Football Cup Given To Westminster For Coming Six Months

(Special To The News)

NEW WILMINGTON, Pa., Dec. 5.—Graduate Manager A. A. McDonald returned from Pittsburgh yesterday carrying with him the Tri-State Conference championship football cup. The new trophy, donated by the alumni association of Geneva College to the conference, by a queer twist of fate left the Covenanter fold for its first year. Geneva won the original cup by virtue of winning the conference title three years in a row. Westminster will have the conference cup half a year and then Duquesne will have it the second half.

With the conference football trophy in the college gym, Westminster's collection of conference awards is rather complete. The basketball cup, won last year; the cross-country cup, won for the last two years, and the tennis cup, the permanent possession of Westminster by virtue of three championships in a row, gives the United Presbyterians everything but the track trophy. Next spring may find the U. P. track team strong enough to make a determined bid for that.

The rise in athletics at Westminster during the last three years has been a gradual and healthy one. Coaches have been willing to travel slowly and to build up teams. In many cases players who competed on teams which were not in the habit of winning many contests have been groomed until they have become stars. New and additional equipment by way of buildings and success in the athletic line, as well as the maintenance of a high scholastic standing will keep Westminster where she has been, in a rather select group of small colleges with the biggest possible rating.

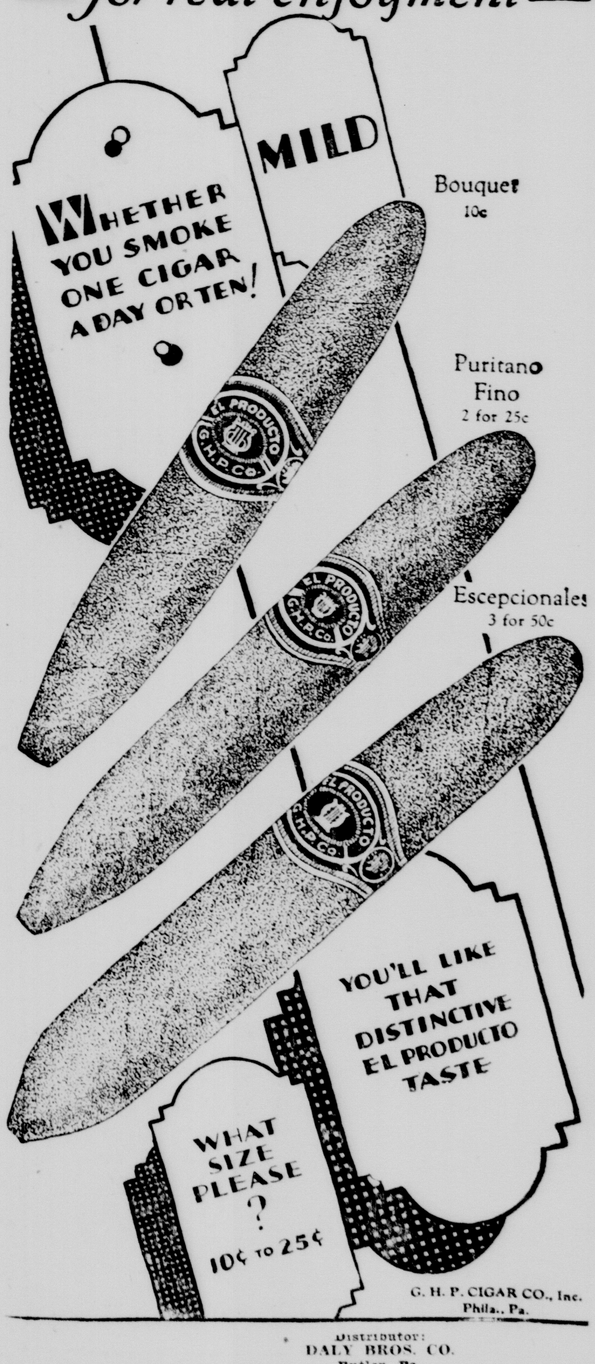

WALLACE BEATS JOHNNY FARR

(International News Service)

CLEVELAND, O., Dec. 5.—The much-ballyhooed grudge fight between Billy Wallace and Johnny Farr, local lightweights, proved a bit monotonous when the two met here last night. Wallace taking the decision at the end of 10 rounds.

Wallace, who formerly made his fistic headquarters in California, Alaska and other distant points, took all but the third round.

Baltimore Team May Be Sold Is Toronto Report

Reports At Baseball Meeting Say Fritz Maisel Is To Be New Manager

(International News Service)

TORONTO, Ont., Dec. 5.—Rumors were in circulation at the annual convention of the National Association of Professional Baseball leagues today that the Baltimore club of the International league was about to be sold. These could not be confirmed but further word on the subject was that Fritz Maisel, former New York Yankee, and an old Baltimore favorite, would be the new manager, succeeding Jack Dunn, the owner-manager, who died recently. Charles H. Knapp, president of the Orioles, at present is running the club in the interests of the Dunn heirs.

Other reports revolved around the Louisville club of the American Association, one story being that Nick Allen would take over its management, and another that Bert Niehoff would be the man. Niehoff, formerly with the Cincinnati Reds and Phillies, managed the Atlanta Crackers. Until recently Allen has been an association man since his playing days with the Reds.

Strong-Barrabee To Accept Posts On Gridiron Team

SPORTS DONE BROWN

By NORMAN E. BROWN

Sports Writer for Central Press and The New Castle News

The major league baseball moguls are due to gather in a few days for their annual pow-wows.

The opinion prevails, however, that instead of pulling off any drastic moves in the matter of wrecking the Yankees, chastizing various club owners for speaking out of turn, etc., they will spend most of their time together trying to promote a few trades.

Several clubs have already made clear a desire to swap well-known players for what have you, and the probabilities are that from the innermost recesses of the sanctum sanctorium will come the flash that someone of the importance and general fame of George Uhle, Bib Falk, Jekie May and one or two others are to wear new uniforms next season.

The Cincinnati Reds are said to be willing to swap at least two of the five real veterans of that club for new material. The five men who have formed the deans' round table at Cinci are Eppa Rixey, Pete Donohue, Jakie May, Adolpho Luque and Bubbles Hargrave. The first four are hurlers and Bubbles the leading receiver.

The Cleveland Indians have definitely decided to be rid of George Uhle, at a reasonable price. Uhle, with all the attributes of a great pitcher running loose in his carcass, has been an in and outer for several campaigns. This has been due partly to injuries and illness, perhaps but mainly to the fact that the home town boy doesn't seem to be able to stand popularity. Montague, a young utility player, who showed some promise at third and conducts himself well in the outfield, is another player who may be used as trading material in the Uhle deal or another. Chick Autrey, spare catcher, may also go on the block.

The White Sox are said to be in a mood to trade Bib Falk, outfielder, and Bill Hunnefield, infielder, for ready-to-wear players of merit. It may be that Cleveland and the Sox bosses will get together on a deal that involves at least Uhle and Hunnefield.

The St. Louis Cardinal board of strategy is said to be willing to turn loose Ray Blades, Art Reinhart, Earl Smith and George Harper for good 17-jeweled material in working order.

The Pirates are said to be flirting with the Brooklyn Dodgers on a trade that would send Glenn Wright, start shortstop, to the outskirts of New York for Southpaw Jess Petty and another player, possibly an outfielder.

Bucky Harris, new Detroit pilot, is in the market for at least one high grade pitcher for the Tigers and probably a slugging infielder. Walter Johnson, back in the big top as manager of his old playmates at Washington, has some moves in prospect but he isn't saying a word.

The moguls probably will take action on the new schedule, designed to curtail the next season a few days, and provide for Sunday games in Boston, now that Massachusetts has voted in favor of Sabbath baseball. Outside of that there doesn't seem to be much in the offing.

One more much touted heavyweight scrap has been entered in the record books and might well carry the note: "Both principals eliminated from consideration by result."

The recent contest between Jimmy Maloney, of Boston, and John Risko, Cleveland heavy hope, is the one referred to.

Risko's failure to get by the Maloney hurdle virtually eliminates him from further consideration in the hectic endeaveors of various promoters to find a logical successor to Gene Tunney.

Risko has been in the game long enough to be at his peak right now. From now on he enters the ranks of the old dogs that can't be taught new tricks. And he hasn't shown enough yet to carry him through the field of palookas with any great distinction. As for Maloney, his showing against Risko may bring some more pouts, but he did no more against the Rubber Man than Paolino, and a bunch of others.

* * *

The recent defeat of Jimmy McLarnin—a clear cut one—at the hands of the lesser known Ray Miller, of Chicago, would indicate that while McLarnin may have stood out at the leading contender for the lightweight title, he won that distinction more as the result of a few sensational bouts than on his general capabilities as a warrior. He proved no match for Miller. No man can claim championship honors when he can be flailed around the ring as was McLarnin by a man rated as an outsider.

McLarnin carried over five pounds weight advantage into the ring with him as well as the prestige which should have given him a psychological advantage. These worried Miller not a bit.

* * *

And then along came the surprising defeat of the so-called "Toughy" Griffiths, lightheavyweight sensation. He was headed straight for a battle with Tommy Loughran, the wise boys said, when he stepped into the ring with Jimmy Braddock, at New York, the other night—the same evening that witnessed the defeat of McLarnin and the Maloney-Risko battle.

Griffiths lasted less than two rounds. Braddock, with nothing more terrifying than a victory over Pete Latzo to his credit, literally pulverized Mr. Toughy.

* * *

Now these battles in themselves didn't mean much, as fistic affairs go. The outcomes were significant, however, as proofs of the general feeling that the boxing game is living on the needle. Promoters, grasping at straws, are building up second raters and pitting them against presumable set-ups, in the hopes of producing drawing cards that will bring the gate. It is these set-ups, and not the wizardy of the promoters, that are giving the fans the thrills. But these thrills are not productive of real high class fighting — battles that move toward clearing the field and producing recognized champions or challengers.

Church Teams To Practice Friday

Henry McNicholas, assistant physical director of the Y. M. C. A. announced today the practice schedules of the following New Castle church basketball teams for Friday night:

7 to 8 o'clock, Wesley M. E. and Highland U. P. teams.

8 to 9 o'clock, Croton M. E., First Baptist and Mahoning M. E.

9 to 10 o'clock, Third U. P. and First Methodists.

In Bethlehem Christmas celebrations occupy over a month. Roman Catholic services are on December 25; 13 days later, those of the Greek church; and 13 days later again, those of the Armenian church.

COAST PROVES GRID SUPREMACY

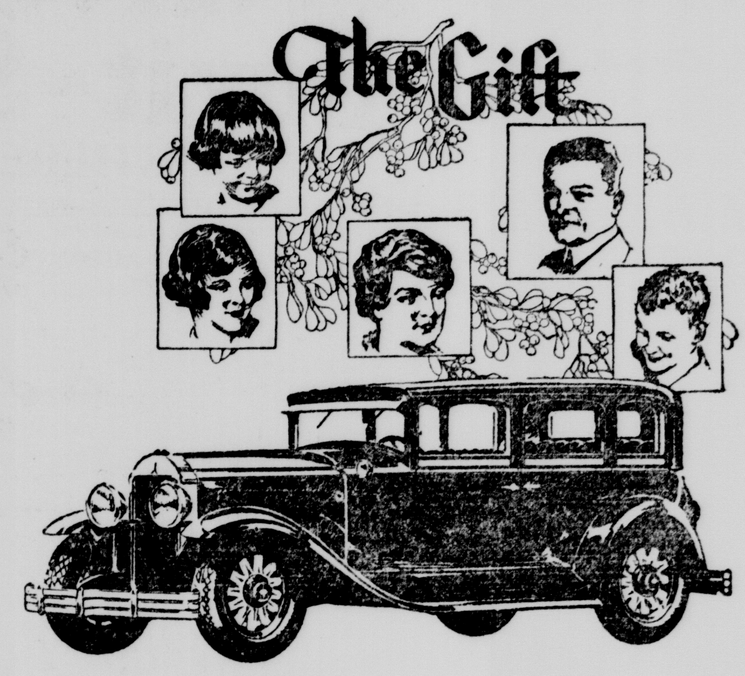

While Stanford was showing the east just how good Pacific coast football is by trouncing the fine Army team at New York, these husky Southern Californians were beating Notre Dame from the mid-west, 27 to 14, at Los Angeles, Cal. Photo above shows Russ Saunders, of Southern California, getting underway for a long gain against the Irish.

Successful beyond any new car record

The field of low-priced sixes this year has been the scene of a rare and significant development.

Upon the announcement of the new Chrysler-built De Soto Six, public interest instantly swung towards this newcomer, appraised it for what it is—the outstanding value in its price class—and then quickly confirmed that judgment with a buying wave which gains new impetus week by week.

In the history of the industry, there is nothing to approach the immediate and overwhelming success of the De Soto Six.

Such success is never won by accident—it comes, as in the case of the De Soto Six, as the reward of unusual and conspicuous achievement.

Local Man Kills Deer At Clearfield

Dr. Frank Dorsey, resident of Wildwood avenue, has returned to this city following a hunting trip for a week in the woods of Clearfield county.

During his hunting jaunt, Dr. Dorsey succeeded in bagging a deer which he brought back upon his return.

N. Y. STOCKS

(International News Service)

NEW YORK, Dec. 5.—Radio's sky-rocketing tactics carried that speculative favorite another 8 points to 416 at the beginning of trading today as Wall street buzzed with rumors about a split-up in the shares and other interesting developments about the corporation. This week Radio Corporation opened its wireless telephone communication to Cuba, on a commercial basis, thus extending its field of commercial service.

The market wobbled unsteadily through the first half hour of ups and downs in industrial stocks prices. Sales of 662,400 shares up to 10:30 a. m. represented the smallest half-hour's turnover since the big Hoover markets started on the day after election.

Tightening up of the money market forced out a good volume of selling of the closely-held stocks of the motor car, copper, oil and industrial companies which have played an important part in the furious upswing of prices in the last few weeks. The renewal call loan rate was 9 per cent, with none too much available at that rate, and a 10 per cent charge a possibility before the end of the day.

Oil stocks settled down to a lower level of prices. Willys-Overland common stock boomed along to 30½ in active market.

Yellow Truck also settled back to the 41 level from 57¾.

Industrial stocks were thrown on the market in a steady stream in the second hour, and four out of every five of the speculative favorites settled to lower price levels. United States Steel declined about a point to 163; General Motors lost 2 points at 210¾. Atlantic Refining and Anaconda Copper sold a point lower. The rails were steady, with narrow price changes.

West Side School Parent-Teachers Association Meets

The Parent-Teachers association of the West Side school held their regular meeting Tuesday evening at 8 o'clock in the school building.

Mrs. Davis of the Welfare community, suggested that the association should start collecting donations for the Christmas baskets to be distributed to the needy. Miss Jefferson gave an interesting illustrated talk on dental hygiene and Mrs. Hill of Pittsburgh, showed the effectiveness of visual education.

His substitutes are doing so well, there is some disposition among the customers to let Anthracite sit on the bench a while longer.

Schools Aiding Roll Call Drive

Union, Shenango And North Beaver Schools Are Helping Campaign

Keen competition is today raging between the high schools of Union; Shenango and North Beaver townships in their friendly efforts to put across the 12th annual roll call of the Lawrence county chapter of the American Red Cross in their districts.

While in other sections of the county adult teams are working hard to reach their suggested goals, high school students are carrying on the banner of the Red Cross in the three townships named above this year. Each school has a student chairman and a number of roll call teams.

Red Cross officers announce that no word concerning the drive has reached local headquarters as yet. However, they say, this is most often the case. It will be towards the close of the drive on December 8 before news of the various teams' efforts is definitely known, it is said.

DuPont Resignation Is Read In Senate

(International News Service)

WASHINGTON, Dec. 5.—Senator Coleman Dupont (R) of Delaware resigned from the senate today because of ill-health.

His resignation was forwarded direct to the senate through Vice President Dawes. It was read to the senate by Dawes as soon as that body convened. The resignation, Dupont said, was to take effect immediately.

(International News Service)

NEW YORK, Dec. 5.—An echo of the recent plan to close the Chicago public schools because of a $12,000,000 shortage in the operating funds is heard in the announcement here today that lack of money will necessitate the closing of the municipal evening schools two weeks earlier than usual.

No, you wouldn't. If you were as rich as the boss, a new sense of freedom would take away your desire to cuss him.

SCENE OF "THRILL" SLAYING TRIAL

Where Richard Gray Gallogly, of Atlanta, Ga., and George Rutherford Harsh, of Milwaukee, sons of wealthy parents, await trial charged with murder in the slaying of a drug store and a grocery store clerk, in the dingy Fulton county tower. Above, the courthouse at Atlanta where the youths go on trial and Gallogly. Below, the jail, and, inset of Harsh.

City Receives $1079 From Building Grants

Two thousand one hundred and fifty-eight permits for building operations have been granted by Neil Williams of the municipal building bureau since the system was installed at City Hall, he stated today. He said the installation occurred several years ago and he estimated that the license fees received by the city from the grants is approximately $1,079.

Phalanx Members Assemble Tonight

A program will follow the customary dinner in the Y. M. cafeteria, it is announced.

Kiwanians Hear Business Man Speak At Noon

Harry S. Bailey Of Remington-Rand Talks On Business Records

Relating the beginning and the slow development of records and devices for their protection, Harry S. Bailey, district manager of Remington-Rand Business Service, Inc., today made the address at the regular weekly meeting of the New Castle Kiwanis club, speaking on the subject, "Record Evolution and Record Protection."

His discourse was an interesting one, as well as remarkably educational. He told how records originated and cited the advantages of the new types of equipment for the protection of records. He laid especial emphasis on the fact that it has been found that of the larger concerns that experience a disastrous fire sometime or another in their business exactly 47 per cent fail and never return into their original standing again.

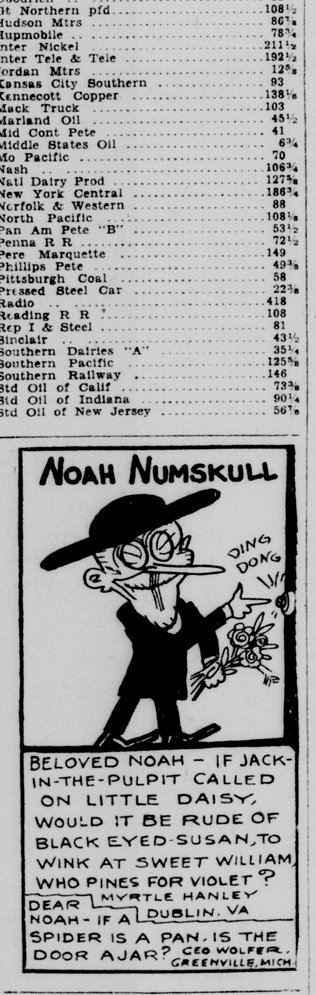

At next week's Kiwanis meeting the annual election of officers will be held and the yearly committee reports read. The meeting commences promptly at 12:15 p. m., with a dinner in the dining room of the Elks' home.

No man receives universal honor until he's dead—except, of course Santa Claus and Charles Evans Hughes.

Caliphs Have Big Ceremonial

Oil City Sends Delegation Of Fifty Here On Tuesday Night

LADIES' NIGHT IS BEING PLANNED

Caliphs and candidates for the Caliph of Bagdad degree from a dozen neighboring cities were in New Castle Tuesday evening when the fall ceremonial of the order was held in the cathedral. In all about 125 candidates were present, 50 of them coming from the Oil City district.

The ceremonial was in charge of Chief Caliph Howard B. Richards, assisted by many workers. Following the initiation a program of entertainment numbers was presented, finishing with an exhibition boxing bout. A lunch in the dining room was the finishing touch of the evening.

The membership in the Caliphs of Bagdad is rapidly mounting and at the present time there are about 2,000 in this district. A ladies' night is planned for some time in January at which the members will be invited to bring their wives or sweethearts.

BOWLING MANAGERS CALLED BY KIRKER

Walter Kirker of the New Castle Y. M. C. A., is asking that all managers of the church bowling teams get in touch with him at once. There is some difficulty being experienced with the standing of the teams and the opinions of the managers is asked.

Roaming Round With Richards

Some News, Some Views, But Mostly Just Observations Of Interesting Things Around New Castle

Christmas savings checks weren't the only mail delivered yesterday. There was another Christmas envelope, or rather a flock of them, in the mail, and each one contained 100 stamps. The cost is $1.00 and before you forget you'd better send the Tuberculosis Society $1.00.

Even if the money wasn't for such a splendid purpose the stamps would still be pretty enough to decorate your packages and letters. But every one of them that is used means just a little more to the fund for the fighting of the white plague.

It's an efficient way of putting over a worthy cause. Few there are who cannot help a trifle in battling this disease, and there should be no stamps returned to the headquarters.

Dig down for that dollar bill now and mail it in for the hundred stamps you received. If you didn't get the stamps, drop in at the headquarters and ask for them.

One friend of mine is delighted to pay for the stamps, but he thinks he should get the stamps. Instead of a letter and a sheet of stamps he received two letters, both of which said "enclosed please find 100 stamps".

They can't fool this chap that way. The way he is going to get even with the secretary or whoever sent out the letters is to walk up to headquarters and give them a dollar and then laugh at the mistake.

He isn't a millionaire, nor a half of one, but he thinks he has a dollar's worth of responsibility in the matter.

Met one of the state foresters yesterday, and after talking to him a while you would agree that Pennsylvania is interested in the reforesting of waste lands. Hundreds of thousands of acres of waste land are being seeded, not for any particular beauty it might bring now, but for providing forests for coming generations.

Saw the first Christmas tree yesterday. It was loaded on a truck going up East Washington street. Just another reminder that there are only 16 more shopping days until Christmas. Only 16 more days to buy express wagons and trains and diamond tiaras and woolen socks.

Senior Hi-Y Club Presents Comedy

Members of the Senior Hi-Y Club presented a comedy entitled, "Lets All Get Married," at the senior high school auditorium on Tuesday evening. A good sized crowd of parents and townspeople attended the presentation.

Boys who acted the various roles were Donald McGown, Donald Williams, William Hartman, Junior Brown, Joseph Lockley, Melvin Moorehouse, Clifford Pollock, Merwin Johns, John Stone and Rodger Meermans.

In charge of business were John Boston and Otto Pearsal. Music was furnished by the club orchestra.

Wampum Man Is Sentenced In Beaver

BEAVER, Pa., Dec. 5.—Henry Wilson McKim, Wampum, pleaded guilty to operating a car while under the influence of intoxicating liquor and failure to stop and render assistance following an accident. He was directed to pay the costs and $250 to Walter Anderson, the prosecuting witness, whose car was damaged in a collision with that of McKim.
